Salisbury, MA 01952

Attention: Helmut Ernst

Dear Helmut:

This is to advise that I have made a final inspection of the floor reinforcement at the Hunking School in Haverhill and find that the floor is capable of safely sustaining its dead load, and the live loads prescribed by the Massachusetts State Building Code.

Please call should you have any questions.

Very Truly Yours,

John S. O'Connell, P.E.

Have a nice weekend.
