“Being an Ambassador has allowed me to learn more leadership skills and get more students involved on and off the fields” – Alec Steed

Haverhill Athletics

Mission

The Haverhill High School Athletic Board will work together to engage student athletes in positive communication with peers, coaching staff, and school administration. The board will also promote school spirit and community service.

How do I become an Ambassador?

The Athletic Department selects three student athletes to serve as Ambassadors. These student athletes are Juniors and/ or Seniors that are active participants in interscholastic athletics and/ or school activities. Selected Student Athletes understand the importance of academics and educational athletics. Also, demonstrates commitment to the areas of athletics, wellness, sportsmanship, community service and student leadership.

What are the responsibilities of an Ambassador?

Ambassadors organize community service projects, MIAA contests, and present information at meetings. They also provide feedback to MIAA via surveys, email, dialogues, and online discussions. Ambassadors serve as a liaison in our school with the student body, Principal, Athletic Director and MIAA. Ambassadors attend various leadership conferences and participate on student panels during MIAA
