

MASSACHUSETTS YOUTH COUNT SURVEY 2016

Many of us don't fit the stereotype of being "homeless" but could use the support with housing and resources.

Massachusetts is trying to better understand and meet the needs of young adults who experience housing instability.

IF YOU ARE 24 AND YOUNGER, TAKE THE CONFIDENTIAL YOUTH COUNT SURVEY.

Data from this count will impact funding and services for young adults experiencing instability.

Or visit: <https://www.surveymonkey.com/r/massyouth>

We are resilient. We are real. We are survivors.
We are human. We are more than just a number.

The Youth Count is a project of the MA Special Commission on Unaccompanied Homeless Youth.
