## KEEP YOUR RECEIPTS

It's important to keep receipts and other supporting documentation related to your WageWorks Dependent Care FSA expenses and reimbursement requests. The IRS requires appropriate documentation for all Dependent Care FSA reimbursements. Credit card receipts, canceled checks, and balance forward statements do not meet the requirements for acceptable documentation.

Reimbursement requests must include an itemized statement from the dependent care provider that includes: service dates, dependent's name, type of service amount billed, provider's name and address.
