The Massachusetts Family Voice for Children's Mental Health

Mental Health & the IEP

Training designed for the unique support needed for children with emotional, behavioral, and/or mental health challenges in school.

Participants will learn:

- The difference between special education IEP requirements and 504 plan.
- How to identify, communicate, and discuss your concerns with the school.
- The evaluation process, supports and related services.
- Ways to use PPAL's tools, guides and sample letters.
