

# 10 reasons NHP is the smarter choice health plan

## 1 A greater value

NHP Prime's HMO comprehensive benefits include medical, behavioral health, wellness programs, perks, and more valuable ways to make the most out of your plan. All of this is available for the lowest cost of any other plan that offers such an extensive network.

## 2 A lower premium than other insurers

Because of our low administrative costs, we're able to pass the savings on to our customers, without sacrificing quality or choice.

## 3 An extensive network of top doctors

Our network includes some of the best providers in Massachusetts. Today, our network is on par with any other local carrier. And it's growing! In just the last year, we added over 750 PCPs and 1,600 specialists. Visit our Find a Doctor tool at [nhp.org/gic](http://nhp.org/gic) to search for network providers.

## 4 World-class hospitals

All the best are here: Massachusetts General Hospital, Beth Israel Deaconess Medical Center, Dana-Farber Cancer Institute, MetroWest Medical Center, Lahey Hospital and Medical Center, Saint Vincent Hospital, Beth Israel Deaconess Hospital-Plymouth, and many more throughout the state.

## 5 We make it easy to get care at lower costs

Our DoctorSmart<sup>SM</sup> tools empower members to find doctors, estimate costs, and even get cash rewards of \$25-\$500 for choosing high-quality, lower-cost providers. And you have other options, too. From urgent care center and retail walk-in options, to a 24/7 telemedicine benefit with access to Partners HealthCare clinicians, to a 24/7 nurse advice line, we make it easy for members to seek care anytime, anywhere.
