

TELEHEALTH AT JRI

Leader in
Social Justice

Accepting referrals immediately

During the COVID-19 crisis, we continue to identify the needs of all those we serve and how we can best meet those needs at such a challenging time!

If you are looking for more information or to make a referral statewide:

Contact Amy Sypher
(508) 380-0273
asypher@jri.org

She will assist you in finding the right program, region, and contact person to connect with immediately!

Telehealth at JRI uses safe, effective and creative therapeutic, trauma-focused interventions to support current and newly referred clients in accessing JRI services statewide. We find the best solution for each individual or family and use an array of options ranging from telephone to various audio/visual platforms to meet needs.
If you or someone you know has a need, JRI can help!

In Home Therapy
(family intervention)

Outpatient Therapy
(individual, family and group intervention)

Mentoring (individualized therapeutic interventions and life skill development/coaching)
