## **Introduction - Principal's Message**

### **To Haverhill High School Students, Parents and Guardians:**

I want to welcome our new and returning students to Haverhill High School! I am very excited about our new year and look forward to success for all in the 2019-2020 school year!

The Student Handbook contains rules and procedures that govern the operation of Haverhill High School. Please note that it is very difficult to create an all-inclusive document. The Student Handbook is meant to supplement the administration and faculty's judgment and discretion in the operation of our school. This document is revised annually and all interested groups are encouraged to submit their suggestions.

The Student Handbook has been prepared in order to provide you, your parents, and guardians with as much information as possible about Haverhill High School. It is my hope that all students have a successful and productive experience while attending Haverhill High School. To assist with this, it is your responsibility to become familiar with all the information provided within this booklet. While every question may not have been addressed, there is a directory included that will assist you with locating the person responsible for providing you with the required information.

It is imperative that all students comply with all the safety precautions that have been established for this school year. Stated simply, school faculty, support staff, and administrative members are charged by the Commonwealth of Massachusetts and the City of Haverhill with providing students with the most rigorous and comprehensive educational opportunities that available resources allow. That opportunity must be offered within a school environment that is safe, orderly, and conducive to quality academic, non-academic, and social learning. We are all committed to meeting these important obligations.

Another area that will continue to be a priority this year is the issue of **attendance and tardiness**. It is absolutely essential that students are at school on time and that they are in attendance for their classes; excessive absences or tardiness will seriously undermine their learning, their ability to successfully pass the MCAS, and graduate from high school.

Students have the opportunity and responsibility to participate in sports and/or student activities, and to follow rules of conduct and procedures stipulated in this handbook. We expect that all of us will treat one another fairly and with a deep concern for the positive values of our school community.

I hope and expect that you will invest a substantial amount of effort in your schoolwork. It is also expected that you will conduct yourself in a manner that will bring respect to you, your classmates, and to Haverhill High School. Students find that they become enthusiastic supporters of all programs by getting involved in our many extra-curricular activities. Take advantage of all the opportunities that are available to you, so that your high school experience is rewarding.

We look forward to a positive and productive 2019-2020 school year! This is an exciting time to be a Haverhill High Hillie!!

Sincerely

## **Student Council**

The Student Council is an organization that serves as liaison between the school administration, the faculty, and the student body. Students with concerns and suggestions should express them regularly at scheduled Student Council meetings.

All activities of any school organization must be submitted to an Assistant Principal for review. Application forms for activities are available in the Main Office.

In addition to serving as a clearinghouse for student activities, the Student Council will be responsible for the following functions:

1. To work as a group with the school administration in regard to recommending changes and innovations in school policy;
2. To work as a service organization for the school and community;
3. To provide social activities for the student body in general;
4. To work in conjunction with all Class Executive Committees for coordinating activities;
5. To work with and in support of all student groups.

*Student Council Officers*

**President:** Leah Pearse

**Vice President:** Molly Bresnahan

**Secretary:** Heather Reid

**Treasurer:** Molly Caron

Students who participate in extracurricular clubs and activities, including Class Officers, Student Council and Student School Advisory Council, are expected to maintain exemplary conduct as representatives of Haverhill High School. Eligibility for such student activities and clubs is identical to the eligibility requirements for the athletics program of HHS. Participating students are expected to maintain their commitments to the programs through full participation.

*Code of Class Officers and Student Council*

Being a Class Officer or Student Council Representative is an enormous responsibility. We believe students should lead by example and be held to high standards of academic performance, ethics, and behavior.

The following applies to students who run for office, serve as a class officer or Student Council Representative.

Failure to adhere to any of the terms outlined below will result in immediate withdrawal of the nomination or the removal from office.

**Grades** – Academics should come first in all aspects of your high school career.

- No more than two “D’s”
- No F’s on any report card (during any term of the year a student runs for office and the year a student serves.)

**Attendance**

- If a student receives Administrative Failure, they will be precluded from running for office or they will be removed from office.

**Behavior**

- Any suspensions may result in disqualification from running for office, or removal from office
- Any serious out-of-school incidents will be reviewed by advisors and administration and may result in disqualification or removal from office

**Ethics**

- Any incident of cheating or plagiarism will result in immediate disqualification from nomination, or removal from office

### **Election of Class Officers and Student Council**

- Elections will be run by the Student Council members and their advisor(s). All candidates for Class Office will have an opportunity to have posters run off by class advisors and have an opportunity to share a written statement (up to 150 words) with the students of their class in a manner determined by the Student Council.
- Students are eligible to run for Class Office and Student Council simultaneously. However, to promote greater participation from the student body, students who are successfully elected to both Class Office and Student Council will be asked to choose one office to hold.
- Candidates who are elected will be sworn in at Senior Chapel each year.

### **Ballots**

- Each homeroom will be given ballots for election of Class Officers and Student Council.
- Ballots will be counted by neutral third parties and successful candidates will be announced.

### **Removal from Office**

- Any student removed from candidacy or office under terms of behavior and/or ethics, is no longer eligible to run for any office. Students removed for attendance or grades, may run for office in the future if they meet the criteria.
- Any Class Officer or Student Council member who is absent without acceptable excuse from more than two (2) meetings per quarter may be removed from office.
- The removal and replacement from Class Office or the Student Council will involve consultation with remaining class officers, class advisors and administration.
- If the class president is to be removed from office, the vice president would take over.
- If the Vice President, Secretary, or Treasurer is to be removed, then the next Officer in line will be given the right to move up to the vacant office, if he/she chooses. If that Officer refuses the right to move up, then the office will be offered to the next Officer, including the members of the Executive Committee, until the vacant office is filled. If none of the existing Officers wish to serve in the higher office, then the existing Class Officers and their Advisor(s) can appoint a new officer from the list of Class Officer candidates, beginning with candidates for the vacant office, from the most recent election.
- If, at any time, the Executive Committee offices are vacant, and there is a need for them to be filled, the Class Advisor can appoint students to fill those vacancies until the next election.

### **Failure to Fulfill Duties**

- Class Officers or Student Council members who do not complete the responsibilities of their position as listed on their signed obligation sheet, may be removed from their positions.

### **National Honor Society**

Haverhill High School is proud to offer students membership in three different Honor Societies: National Honor Society, Business National Honor Society, and Foreign Language National Honor Society.

The purpose of these societies is to recognize students who have excelled in areas of scholarship, leadership, character, and service. They are organizations sponsored by the National Association of Secondary School Principals (NASSP), which provides the national guidelines for these organizations.

All eligible students for these Societies will be notified of such and given the opportunity to apply. A faculty council comprised of members of the HHS staff will assist these societies in selection and general oversight of guidelines.

*National Honor Society students must maintain a 3.5 GPA and 118 Quality Points.*

### **Student Identification**

Students will be issued photo identification cards. For security reasons and for the safety of the student body, a student is expected to wear his/her student identification card at all times. The identification card may be requested before admittance to any function or activity sponsored by the school. The identification card will be shown when materials are borrowed from the library or guidance office. **It will also be used in the school lunch program.** Students who do not have an ID should see the secretary in the F-Wing Office. If a student loses his or her ID an excessive amount of times, they will need to pay \$5.00 for each additional replacement.

Under Mass School Records Regulations, 603 CMR 23.07 (4) (a) Haverhill High School may release the following information without prior consent of the eligible student or parent: a student's name, address, telephone listing, date and place of birth, major field of study, dates of attendance, weight and height of athletics team members, class (YOG), participation in officially recognized activities and sports, degrees, honors and awards, and post-high school plans. However, if parents or students 18 years of age or older wish to withhold such consent, they may do so by making contact with the high school main office, 978-374-5700.

### **Athletics Information**

Haverhill High School sponsors a broad-based athletics program, offering 35 sports programs and fielding over 55 different teams. All programs are also governed by rules of the Massachusetts Interscholastic Athletic Association (MIAA).

The materials outlined below define some of the policies and procedures for all students participating in our High School Athletic program. Additional Rules and Regulations can be found in the MIAA Handbook and Haverhill Parent/Student-Athlete Guide.

Physical examinations must be performed by a duly registered physician, physician's assistant, or nurse practitioner.

***Haverhill High School is proud to announce that all user fees have been removed for the 2019/2020 school year.***

### **Academic Eligibility**

A student must secure during the last marking period preceding the contest (e.g. second quarter marks and not semester grades determine third quarter eligibility) a passing grade, and full credit, in the equivalent of four traditional yearlong major English courses. A transfer student may not gain academic eligibility if he/she was not, or would not be, eligible at the sending school, unless transfer was necessitated by a move of parents and then eligibility would be determined by receiving school's eligibility standards. (see Rule 57.7.1)

A student cannot at any time represent a school unless that student is taking courses which would provide Carnegie Units equivalent to four traditional yearlong major English courses.

To be eligible for the fall marking period, students are required to have passed and received full credits for the previous academic year the equivalent of four traditional yearlong major English courses.

Academic eligibility of all students shall be considered as official and determined on the published date when the report cards for that ranking period are to be issued to the parents of all students within a particular class.

### **Department of Athletics Disciplinary Policies**

All school rules and regulations are in effect for our athletes. In addition, the Department of Athletics has more stringent disciplinary measures and rules. Student-athletes must adhere to all rules set forth in the Parent/Student-Athlete Guide. Student-athletes involved in conduct deemed detrimental to the reputation of the school, team, or activity, will be reprimanded and could be suspended from the team. Additionally, student athletes will be held accountable to the following standards of behavior:

#### ***1. Chemical Health***

From the earliest fall practice date, to the conclusion of the academic year or final athletic event (whichever is latest), a student shall not, regardless of the quantity, use, consume, possess, buy/sell, or give away any beverage containing alcohol; any tobacco product(including e-cigarettes, VAPE pens and all similar devices); marijuana (including synthetic); steroids; or any controlled substance. This policy includes products such as "NA or near beer," inhalants (defined as any substance that produces a mind-altering effect when inhaled), and misuse of over-the-counter medications and substances used for the purposes of altering one's mental state. It is not a violation for a student to be in possession of a legally defined drug specifically prescribed for the student's own use by his/her doctor.

This MIAA statewide minimum standard is not intended to render "guilt by association", e.g. many student-athletes might be present at a party where only a few violate this standard. This rule represents only a minimum standard upon which schools may develop more stringent requirements. If a student in violation of this rule is unable to participate in interscholastic sports due to injury or academics, the penalty will not take effect until that student is able to participate again.

Minimum PENALTIES:

**First violation:** When the Principal confirms, following an opportunity for the student to be heard, that a violation occurred, the student shall lose eligibility for the next consecutive interscholastic contests (regular season and tournament) totaling 25% of all interscholastic contests in that sport. No exception is permitted for a student who becomes a participant in a treatment program. It is recommended that the student be allowed to remain at practice for the purpose of rehabilitation. During the suspension the disqualified student may not be in uniform and his/her attendance at the

competition site is determined by the high school principal. All decimal part of an event will be truncated i.e. All fractional part of an event will be dropped when calculating the 25% of the season.

**Second and subsequent violations:** When the Principal confirms, following an opportunity for the student to be heard, that a violation occurred, the student shall lose eligibility for the next consecutive interscholastic contests (regular season and tournament) totaling 60% of all interscholastic contests in that sport. All decimal part of an event will be truncated i.e. All fractional part of an event will be dropped when calculating the 60% of the season.

If after the second or subsequent violations the student of his/her own volition becomes a participant in an approved chemical dependency program or treatment program, the student may be certified for reinstatement in MIAA activities after a minimum of 40% of events provided the student was fully engaged in the program throughout that penalty period. The high school principal in collaboration with a Chemical Dependency Program or Treatment Program must certify that student is attending or issue a certificate of completion. If student does not complete program, penalty reverts back to 60% of the season. All decimal part of an event will be truncated i.e. All fractional part of an event will be dropped when calculating the 40% of the season.

Penalties shall be cumulative each academic year, but serving the penalty could carry over for one year. Or, if the penalty period is not completed during the season of violation, the penalty shall carry over to the student's next season of actual participation, which may affect the eligibility status of the student during the next academic year (e.g. A student plays only football: he violates the rule in winter and/or the spring of same academic year: he would serve the penalty [ies] during the fall season of the next academic year). If a student is not an athletic participant for one full year after affirmation of a violation, then the penalty period would close and the student would face no consequence. Prior to any chemical health violation a student's request for and enrollment in a substance abuse treatment shall not in and of itself constitute a violation of the chemical health/alcohol/drugs/tobacco Rule 62.

2. *School Equipment*

Student-athletes are responsible for proper care and maintenance of all athletic equipment and uniforms issued to them. Athletes will be charged replacement value for equipment that is lost, stolen or damaged. Stealing property of team members (Haverhill High School or our opponents) will result in expulsion from a team. Failure to turn in equipment at the end of season will render a student ineligible to participate in any other sport until all items are returned. Graduating seniors who do not return equipment will have their names submitted to the Assistant Principal for appropriate action.

3. *Team Rules & Regulations*

At the start of each season a coach, with the approval of the athletic director, may issue a set of team rules and regulations. It is recommended that these be in written form and distributed to all team members. These rules, which are not to be in conflict with any regulations of the High School or MIAA, may vary to reflect the program philosophy, the nature of the sport and the practice/competition schedule. Coaches may immediately suspend athletes from participation for violations of any rules and regulations.

## **PROCEDURES**

1. **Class Attendance Policy**

An athlete must be in attendance in school before 8:00 a.m. and must stay in school for the entire school day in order to participate in practice sessions or contest. The Director of Athletics will assess extenuating circumstances on an individual basis. Students who are chronically tardy or absent, in-season or out-of-season, will not be allowed to participate in our programs.

2. **School Suspensions**

Students who have been suspended from their regular classes (either in-house/Education Resources Center or out-of-house) are not eligible to practice or compete until the day following their last day

of suspension. A suspended student is ineligible for practice or competition for at least the number of days (or partial days) equal to the number of days of the suspension.

For further information on participation in athletics, please refer to the Haverhill Parent/Student Athlete Guide on the [www.hillie.org](http://www.hillie.org). If you have any questions, please contact the Department of Athletics at (978) 374-5732 or [athletics@haverhill-ps.org](mailto:athletics@haverhill-ps.org).

## **Facilities and Services**

### **School Counseling Program**

A comprehensive program of guidance services and activities is provided to help students understand themselves, their abilities and interests, and to enhance their educational experience within the school system. Administration, school counselors, teachers, and students work together to promote the best interests of the school and the individual student.

Each student is assigned to a school counselor upon entering the high school. Generally, students will remain with the same counselor throughout their high school years. As a student, you are entitled to and should seek out the counseling services and other assistance that is provided in the school counseling office.

The focus of the school counselor is to work with the students and their parents/guardians in matters pertaining to educational, vocational, personal, emotional, and social issues. This could include adjustment to school, registering for courses, placement in classes, college and career exploration, testing, tutoring, and personal/emotional concerns. The counselors have access to a wide variety of community and collegiate resources in order to provide the students with the best possible options for all their needs.

Students can make an appointment with their counselor by visiting the School Counseling Office in the L Wing before or after school. Parents are encouraged to call or email their child's counselor to make an appointment to discuss any areas of concern. Conferences may be arranged before or after school or at designated time during the school day. Please note if an appointment is scheduled during the school day the parent/guardian must have state issued identification (driver's license, state ID) in order to gain access to the building.

### **Conferences with College Representatives**

In the fall, individual college representatives make appointments to meet with interested HHS students. A list of admission counselors visiting each fall is available on Naviance, under the Colleges tab. These visits afford students the opportunity to speak one-on-one with admissions officers at a particular college to learn about academic offerings, the application process, scholarships/financial aid, and more.

Additionally, the department hosts a College Fair each spring for sophomores and juniors. Representatives from colleges, universities, technical programs, and branches of the armed services are in attendance to speak with interested students and parents.

Notification for these events are made by announcements, flyers, and School Messenger phone calls and emails. Additionally, all scheduled department events can be found on the HHS calendar.

### **Financial Aid and Scholarships**

In view of the ever-increasing costs of college, families are encouraged to take advantage of all resources available to help finance their child's higher education. The department partners with MEFA (Massachusetts Educational Financing Authority) to bring parents and students the most up-to-date information and assistance regarding financial aid for college. Parents are able to access this information from the school counseling website or by visiting the following:

- [www.mefa.org](http://www.mefa.org)
- [www.fafsa.ed.gov](http://www.fafsa.ed.gov)
- [www.collegeboard.org](http://www.collegeboard.org)

As a service to families, the school counseling department sponsors various Financial Aid Workshops each year with personnel from MEFA and other professional organizations to assist families in the process of securing financial aid and the preparation of the FAFSA (Free Application for Federal Student Aid) and the CSS-PROFILE.

**Scholarships from other sources:** Throughout the year, local, state, and national organizations notify HHS about various scholarship opportunities for our students. These scholarships are primarily from business, industrial, professional, and fraternal organizations. Criteria for these awards are usually based on academic achievement, community service, test scores, essays, and leadership qualities. These scholarships are publicized and updated weekly on HHS Naviance Family Connection and can be accessed through a student's individual Naviance account. It is the responsibility of the student to regularly check Naviance Family Connection for updates and deadlines, and to pursue these opportunities. Counselors are available to offer any assistance with this process in regards to information, recommendation letters, and transcripts.

In addition, it is important for families to inquire about scholarships offered by their own employers, fraternal and veteran organizations, and church groups.

**Local scholarships for HHS students:** In addition to the scholarships on Naviance, numerous local scholarships are also available specifically for Haverhill students at the high school. These scholarships are published yearly on our HHS website with instructions for students as to how to pursue each scholarship. Selection for most of these scholarships is based on need and merit, and upon being awarded, will be announced at the various end of the year ceremonies held for the senior class. Please check the website regularly for updates on deadlines and funding.

### ***Test Administered***

#### **Standardized Testing**

The following is a summary of the testing programs made available to the students through the school counseling office. Most of this testing is voluntary; however, students who plan to attend college after high school should take full advantage of all the testing opportunities available. These tests are usually a requirement for college admissions, so students must do their research to see what each school or organization requires.

Information about testing will be available on the HHS school counseling website and on Naviance Family Connection, however, it is the responsibility of the student to register for these exams, watch their deadlines, and to research which colleges require additional testing (such as the SAT Subject Test).

The standardized tests recommended by the guidance department are:

- **PSAT/NMSQT- Preliminary Scholastic Aptitude Test and National Merit Scholarship Qualifying Test**
- **SAT - Scholastic Aptitude Test**
- **ACT – American College Test**

**Haverhill High School will offer the PSAT on  
WEDNESDAY, OCTOBER 10, 2018**

**PSAT/NMSQT- Preliminary Scholastic Aptitude Test and National Merit Scholarship Qualifying Test**

This two-hour version of the SAT is valuable for practice and to ensure that you are on the right track for college planning. There is a small registration fee for the PSAT. Fees are set by College Board and are announced in September each year. Haverhill High School will be administering the PSAT to all sophomores. Families will have the option to opt out of this testing. This test is available for sophomores and juniors at Haverhill High School.

All juniors are HIGHLY ENCOURAGED to take this exam, as it will qualify you for National Merit Scholarship opportunities. Juniors will be offered registration for a fee of \$17. Fee waivers may be available for juniors who qualify for free or reduced lunch.

A detailed individual online report is provided to each participant. This online score report will provide summaries of a student's performance in each test and content area, highlight what a student has done well and what he/she should focus on to better prepare for the SAT, and assess college and career readiness via benchmark scores. This test is offered only once per year and will be offered at HAVERHILL HIGH SCHOOL ONLY on the Wednesday testing date. Registration information will be available in the student counseling office at the beginning of each school year. Space is limited and so students are encouraged to sign up early.

**Haverhill High School will offer the PSAT on  
Wednesday, October 16, 2019**

**SAT- Standardized Aptitude Test** - The SAT is a globally recognized college admission test that lets you show colleges what you know and how well you can apply that knowledge. It tests your knowledge of reading, writing, and mathematics subjects that are taught every day in high school classrooms. Most students take the SAT during their junior or senior year of high school, and many colleges and universities use the SAT to make admission decisions. Practice tests, tips, as well as registration information is available at [www.collegeboard.org](http://www.collegeboard.org).

**The cost for the SAT for the 2019-2020 school year will be:**

- **\$49.50 without the essay option**
- **\$64.50 with the essay option**

We encourage all students to opt for the SAT test with the essay. Fee waivers are available for students who receive free or reduced lunch or who meet other criteria as stated by the College Board.

Visit <https://collegereadiness.collegeboard.org/sat/register/fees/fee-waivers> for eligibility guidelines.

**SAT Subject Test** - Subject Tests are hour-long, content-based tests that allow you to showcase achievement in specific subject areas where you excel. These are the **only** national admission tests where **you** choose the tests that best showcase your achievement and interests.

SAT Subject Tests allow you to differentiate yourself in the college admissions process or send a strong message regarding your readiness to study specific majors or programs in college. There are twenty (20) SAT Subject Tests in five general subject areas: English, history, languages, mathematics, and science. Some of the more competitive colleges REQUIRE 2-3 SAT Subject Tests; it is the responsibility of the student to see if it is necessary for the colleges they are applying to. You may take up to three (3) subject tests on one exam day.

**SAT Testing Dates**

Haverhill High School is an official testing center for the SAT Program. Interested students should pay close attention to test and registration dates. Students must sign up for this test through the College Board website. **ACT – American College Test** - The ACT is also a nationally accepted college entrance exam and is looked at interchangeably with the SAT and SAT Subject Tests. It assesses high school students' general education development and their ability to complete college-level work. The multiple-choice test covers four skill areas: English, mathematics, reading, and science. The writing test, which is optional, measures skill in planning and writing a short essay. In order for the ACT to be considered in place of the SAT for college admissions, the student **MUST** take the optional writing section. Visit [www.actstudent.org](http://www.actstudent.org) for additional information, practice tests, and registration and test location information.

The cost for the ACT for the 2019-2020 school year will be:

*MCAS Appeals Process:* Students who do not pass the MCAS exam but can provide in other ways that they are capable of doing 240-level work will be eligible to be considered for graduation. In order to be considered, students will need to have: taken the 10<sup>th</sup> grade MCAS at least 3 times; maintained at least 95% attendance level during the previous school year and the year of the appeal; and participated in the tutoring and academic support services made available by the school.

Students who took the MCAS Alternate Assessment will be considered eligible if the student has submitted at least two portfolios in the subject area in question, and achieved a minimum level of progressing. In order for a diploma to be granted, a competency determination must be awarded by the Massachusetts Department of Elementary and Secondary Education after review of a student's Alternate Assessment Portfolio.

Once deemed eligible for the appeal, the student's district superintendent will file the performance appeal. The appeal will contain evidence of the student's knowledge and skills in the subject area, including teacher recommendations, the student's grades or grade point average for courses taken in the subject area. The appeal could also include grades and MCAS scores of other students who passed the MCAS in the subject area being appealed. All appeals will be reviewed by a performance appeals board appointed by the Commissioner of Education. Students granted an appeal would be eligible to receive a diploma. **(Subject to revision by the Massachusetts Department of Elementary and Secondary Education)**

## **Health Services**

Health Services are available to all high school students for in-school injuries, illnesses, and school-related accidents. Students are assessed by a registered nurse, and treatment provided as appropriate. In consideration of the importance of time on learning and attendance, every effort will be made to see students in a timely manner in an effort to get students back in class.

**Medications:** Students are not allowed to carry medicine (over the counter or prescription) in school, *unless* appropriate medication administration documents are on file in the nurse's office, including current physician prescription, parent/guardian permission form, and nurse validation of ability to self-carry. This includes Epi-pens and rescue inhalers. If a student must take medicine during school hours, an order from a licensed physician, and a signed permission form from a parent or guardian must be on file each school year in the nurse's office. All medications must be delivered to the nurse's office by an adult. Medication must be in an original pharmacy labeled container with current prescription. Nurse and student will identify an appropriate time of day for routine medication administration in the nurse's office.

*Student Profile Information Sheets* must be returned to the main office completely filled out and signed by a parent or guardian immediately after they are received on or before the first day of school. This information is necessary in the event a parent or guardian must be reached during the day. On this information sheet, you may also include additional names and contact numbers in the event of an emergency. Please notify the school of any changes in emergency telephone numbers during the school year.

Absences of five (5) or more consecutive days due to illness require a note from a physician when the student returns to school.

**Parents and students with serious student health problems (i.e. diabetes, seizures, etc.) must notify the school nurse annually.** Parents are encouraged to call or visit the nurse concerning any student health problems. The telephone number is 374-5700, ext. 1111 or 1112. Parents are notified of needed required immunizations. Students will be excluded from school if they are not properly immunized.

Please observe the following procedures when visiting the Nurse's Office:

1. A student who feels ill must obtain a *student pass* from the scheduled teacher to the Nurse's Office. **[Students are not to call their parents to be dismissed prior to seeing the nurse]**
2. A student must not report to the Nurse's Office without a pass except in an emergency.
3. A student must not leave school unless dismissed by the school nurse.
4. A student must not fail to attend a class unless permission is granted.
5. Injuries that occur or have occurred other than on school grounds or during school-sponsored activities cannot be treated by the school nurse or other school personnel except in an emergency situation.
6. All accidents or injuries that occur at school or school-sponsored activities must be reported to the school nurse.

## **Lost & Found**

Students who have lost articles should come to the main office to report what they have lost. Articles that are found will be brought to the main office. It is recommended that students visit the main office frequently as the article may not be turned in immediately. If everyone follows this procedure, the return of lost articles to their owners will be expedited.

## Cafeteria

### **Please Note:**

***Beginning SY19/20 all students will receive free breakfast/lunch.***

While school breakfast/lunches are at no cost to all students, all students are issued an ID card/ticket for daily use. A replacement cost will be charged for lost cards. **Misuse of ID card/ticket may result in disciplinary action.** Students must present valid ID to receive a breakfast/lunch.

The cafeteria is to be used as a student would use the dining area in his or her own home. Students are responsible for appropriate social behavior in the cafeteria at all times. Trays and empty containers are to be removed and other trash disposed of before students leave the cafeteria. Students are not to take food or drinks (except water) out of the cafeteria area. Any inappropriate behavior will result in disciplinary action that may include assigned seating, detention, or suspension. Cooperation of all students is expected. All school rules apply in the cafeteria. Students are only permitted to be in the cafeteria/mall during lunch time. Students who need to leave designated lunch areas must first have administrative permission.

An online payment option called, My School Bucks, will be available the start of the school year. My School Bucks allows parents to monitor their students' meal history, set spending limits, set-up recurring payments, and receives low-balance e-mail notifications. To enroll, please visit [www.MySchoolbucks.com](http://www.MySchoolbucks.com). The district's account number is **122249**. The applications are also available on the Haverhill Public School website under Food Services.

### **School Store**

The Hillies Shop is operated by students in the Learning for Life classes and sells school apparel and supplies. The store is located in the mall between the Library and Cafeteria.

### **Student Support Services**

#### **Special Education Services**

Special education services are in place at Haverhill High School to enhance and supplement learning opportunities for eligible students presenting specific needs. Support services are offered in the regular education classroom and in academic support resource centers. In addition to supporting the traditional curriculum, the resource room serves as a setting where students can engage in separate and modified course work. Special education services, including pre-vocational opportunities through a school café, school store and work-study program are available. This area includes both experiential and classroom exposure to the work world. A fulltime subject-oriented resource room is an important part of Special Education Services at Haverhill High School. This resource provides a multi-graded setting where students can meet educational requirements while receiving significant support. In addition, counseling, speech and language therapy, physical therapy and occupational therapy are provided to our students. Such services may be delivered in various combinations. An in-house evaluation team including the student and his or her parents determines services delivery.

Transition planning is an important part of the Special Needs Program. Parents can request further information directly from Haverhill High Special Needs team. Transition planning is also part of preparation for graduation. During the high school years, the team discusses future goals for living, working and further education. These goals are also part of the Individual Education Plan and may involve adult services providers such as the Department of Developmental Services, the Department of Mental Health and Massachusetts Department of Rehabilitation.

#### **Schedule Adjustment Procedure**

The registration process is designed to select an appropriate schedule for each student. Graduation requirements, teacher input, and student choices are all carefully considered when a student's schedule is created. The school counseling department encourages students to thoughtfully select their courses each year as the opportunity for changing or dropping electives is extremely limited once the schedule is created. Dropping, adding, and changing classes should be done with careful consideration and is on a space available basis. If an adjustment might be appropriate for student's schedule during the school year, it should not be made unless the following criteria are met:

1. The classroom teacher will provide input regarding the student's classroom performance. The teacher may determine whether or not the student is capable of doing the work assigned as evidenced by supporting data or if a schedule change is appropriate. It is highly recommended that contact is made between parent and teacher to discuss potential changes.
2. A student must meet with his/her school counselor to discuss a proposed schedule change. If this change in schedule is in regards to switching the level of a class, the conversation must always begin with the student and the classroom teacher. If a student is looking to drop a class, they must maintain a minimum of 6 units of credit on his/her schedule. The school counselor may then provide the student with a Request for Schedule Change Form. This form gathers feedback from student, teacher, parent, the school counselor, and the department supervisor.
3. A statement by a parent or guardian must be included on the Request for Schedule Change Form. The parent or guardian's statement will be included after considering the input of the teacher. If the parent or guardian does not agree with the teacher statement, a parental conference with the teacher is highly recommended.
4. A member of administration will review the statements by classroom teacher and parent or guardian and determine whether an adjustment may be made. If the administrator feels the adjustment is not appropriate, the school counselor will contact the parent. A conference involving the teacher, student, parent, administrator, and school counselor will be arranged.

5. Students who wish to drop a class must continue to attend that class until all criteria are met and their counselor informs them that the class has been changed. They will then receive a new schedule. Students who stop attending class without meeting all criteria will face disciplinary action.

### **Student Employment & Working Papers**

Enrolled Haverhill High School students aged 14-17 are required to have working papers when seeking employment. Applications for working papers may be obtained at the School Department Central Administrative Office, located at City Hall, 4 Summer Street, Room 104, during the hours 2:00 p.m. - 4:00 p.m. Monday-Friday, or, during the school year, in the Attendance Office in M-Wing, 11:30 a.m. -12:30 p.m. and after school from 2:05 p.m. – 3:00 p.m. All applicants must present evidence of their chronological age, and that they have successfully completed grade 6.

### **Summer Credit Recovery Program**

Haverhill High School Summer Credit Recovery Program (SCRCP) is a six-week session beginning soon after the close of the academic school year. Offerings are contingent upon the number of course registrations and the availability of instructors. Students from schools other than Haverhill High School may attend. The objectives of the SCRCP are as follows:

1. To give students an opportunity to make up work failed during the regular school year. SCRCP is offered as an opportunity for students to make up classes in which a “good faith effort has been made to pass.”
2. To raise grades in sequential subjects, thus permitting a student to continue with the subject.
3. To preview and/or review courses for self-education.

The question of course credit, in every instance, is to be resolved by school administration. A printed announcement describing school rules and course fees is distributed at registration.

### **Academic Policies**

Twenty (20) credits are required for graduation from Haverhill High School. All students must satisfy the graduation requirements listed below. In addition, students must pass the English, Mathematics, and Science MCAS tests as required by state regulations to graduate with a Competency Determination (CD).

All students are strongly encouraged to meet the MassCore graduation requirements set forth by the Department of Elementary and Secondary Education. **MassCore is a state recommended, rigorous program of study that aligns high school course work with college and workforce expectations.** MassCore requires an additional credit in Mathematics, one credit in both World Language and Fine Arts, and two and a half additional courses, for a total of 22 credits.

Grade 11 to 12: Earn 13.5 accumulated credits **and** pass English III

All seniors are required to submit an Exit Portfolio to their English teacher as a final exam requirement. The portfolio must demonstrate that the student has sufficient language art skills to pass senior English and earn a diploma from Haverhill High School.

**Advanced Placement Program**

Are you ready for a unique learning experience that will help you succeed in college? Through AP's college-level courses and exams, students can potentially earn college credit, stand out in the admission process, and build the skills needed in the college years. Advanced Placement classes provide students with a rigorous curriculum where students engage in intense discussions, solve problems collaboratively, strengthen study habits and time management skills, and prepare students for the academic expectations of future college classes.

Haverhill High School offers a rich program of Advanced Placement courses designed for students who wish to pursue this unique learning experience. In addition to courses taught at HHS, students also have the option to take AP courses offered through Virtual High School\*seats are limited, see your school counselor to review availability. (\* additional lab/equipment fees may apply)

Many colleges/universities in the United States award student's college credit, allow students to place out of introductory courses and move directly into upper-level classes, or both on the basis of AP Exam Scores. By entering college with AP credits, students may have additional openings in their schedule for a second major or minor, taking extra electives, or pursuing other interests such as study abroad.

**All students who enroll in and participate in an AP course at Haverhill High School must take the AP exam administered in May of the school year.**

**This exam is NOT optional. There are additional fees for these exams.**

**Payment for all AP exams are due by December 1, 2019. If you questions about payment for AP exams see Jennifer Hart or Jennifer Breslin in the guidance office.**

**Advanced Placement Exams (AP)**

AP Exams are offered in May to all students who have participated in an AP course throughout the school year, either at the high school or online through Virtual High School (VHS). There are currently 17 AP courses offered at HHS, with the opportunity to take other classes not offered at HHS online through VHS. Students who enroll in any AP course at HHS or through VHS are required to sit for and take the corresponding AP exam in May. This is not optional. It is important to note that students who do not take the AP exam are still responsible for some AP fees and will also lose the AP credit and weight on their transcript, which could impact grade point average and class rank.

**Exam Costs:** The AP Program sets the cost of the exams each year. Currently the cost per exam for the 2019-2020 school year is \$94. Fee reductions are available to students who qualify for free reduction by meeting eligibility requirements.

### **Grading Practices**

Based on a large body of research on the topic of grading practices and their effect on student learning, our administrative team took proactive steps in the last year designed to offer all of our students consistent grading parameters while increasing our student learning expectations.

The basic grading guidelines at Haverhill High School are 100% of a grade for a particular class are comprised of mastery-specific components. We are grading students more specifically on how much and what they know about a given subject. We believe our students are capable of reaching higher academic levels, and we must focus more on helping them achieve a greater knowledge base with better understanding.

The grading policy is in place for all academic disciplines at Haverhill High, and teachers are well-versed in explaining what the mastery grade percentage is comprised of in their particular classes.

### **Class Rank and GPA**

**Grade Point Average (GPA):** A student's GPA is calculated at the end of each semester. Therefore, Haverhill High School calculates GPA twice a year coinciding with the end of semester one and semester two.

**Class Rank:** A student's class rank is calculated on three occasions: at the end of junior year, senior mid-year, and at the end of senior year.

**Grade Point Average (GPA):** At Haverhill High School GPA is unweighted. This means GPA is a straight average of courses taken over the course of a student's high school career based on the earned GPA value for each course. The following chart shows the grades and their equivalent GPA value:

Grade	Numeric range	GPA Value
A+	(97-100)	4.00
A	(93-96)	3.85
A-	(90-92)	3.70
B+	(87-89)	3.30
B	(83-86)	3.00
B-	(80-82)	2.70
C+	(77-79)	2.30

C	(73-76)	2.00
C-	(70-72)	1.70
D+	(67-69)	1.30
D	(63-66)	1.00
D-	(60-62)	0.70
F	(Below 60)	0.00

For example: A student who earns a 95 (A) in a class has a GPA value of 3.85 for that class.

**Group Level:** Levels courses at Haverhill High School have been assigned to one of the four group levels, each group level being assigned a group level value as follows:

<u>Group Level</u>	<u>Group Level Values</u>
Level 1- Advanced Placement/College Courses	3.0
Level 6- Honors Accelerated	2.7
Level 2- Honors	2.5
Level 3- College Preparatory	2.0

**Class Rank and Quality Points:** Rank at Haverhill High School is weighted and determined by a quality point calculation. To calculate quality points one must multiply the grade point value by the weight of the group to which the pupil is assigned. The quality points are then divided by the total credits attempted to determine a Quality Point Average (QPA).

### Honor Roll

<u>Honor Roll Group</u>	<u>Requirement</u>
Distinction-Highest Honors	No grade below 90
High Honors	Avg. grade 87 or higher, no grade below 83
Honors	No grade below 80

### Homework Requirements

Your success in school is dependent on your ability and how well you apply yourself. Study and work at home are necessary for achievement. Without effort and study, the attainment of good grades is almost impossible. For this reason, the Haverhill High School Homework Policy is as follows: *Homework will be assigned frequently and will reinforce classroom learning. Homework assignments will also reflect the current homework policy of the Haverhill School Committee.*

### Independent Study Courses

Independent Study is for students who would like to explore a specific course or topic in depth. Students interested in an independent study must complete a formal application that can be obtained through their school counselor. Teachers who conduct approved independent study courses do so on a voluntary basis. All final approvals for independent studies are at the discretion of the teacher, counselor, and administration.

### Internet Use Policy

Access to telecommunications will enable students and staff to explore thousands of libraries, databases, and bulletin boards while exchanging message with people throughout the world. The School Committee believes that the benefits to students and staff from access in the form of information resources and opportunities for collaboration exceed the disadvantages. But ultimately, parents and guardians of minors are responsible for setting and conveying the standards to their children should follow when using media and information sources. To that end, The Haverhill Public School System supports and respects each family's right to decide whether or not to grant permission for supervised access.

The School Committee authorizes the Superintendent to prepare appropriate procedures for implementing this policy and for reviewing and evaluating its effect on instruction and student achievement. Copies of the Internet Policy are available in the Main Office.

### **Attendance Policies**

The goal of the student attendance policy is to ensure the safety of our students and promote consistent and daily school attendance. The expectation is that all students will have, at a minimum, attended at least ninety-five percent (95%) of the school year or fewer than 9 days absent in school. A student who is truant, frequently absent or frequently tardy to school without adequate reason is in violation of this policy.

National research indicates students who miss over 10% (18 days) of the school year have lower academic performance and are at high risk of being dropouts later in life. Based on that knowledge, Haverhill Public Schools is strengthening its enforcement of Massachusetts General Law Chapter 76 Sections 1-4 and Chapter 119 Section 21, and Haverhill School Committee Policy JH-R2, regarding school attendance. These regulations and policies require students to attend school on a daily basis, for parents to send their children to school daily and to contact the school on any day their child is absent.

The District will work to recognize students who are not attending school consistently and attempt to intervene early. To accomplish this goal parents will be notified daily of their child's absence through an automated phone system. School staff will reach out to students and their families when a pattern of absenteeism is recognized and At-Risk Trackers and Attendance Officers will conduct home visits. Students, who despite our best efforts continue to be absent, may be referred to the Department of Children and Families or to the Essex County Juvenile Court for the filing of a Child Requiring Assistance (CRA) Petition.

### **Documented and Undocumented Absences**

#### **Documented Absences**

Students absent for the following reasons with written documentation will be allowed makeup work with full credit.

<u>Reason</u>	<u>Required Documentation</u>
Student Illness	Doctor/Nurse Note
Death in Family	Documented
Religious Holiday	Note from parent
Court Appearance	Note from Court
Two College Visits Per Year	Note from parent or college

Documentation must be submitted to the main office within two days of returning to school.

#### **Undocumented Absences**

If documentation is not brought into school within two days of returning, the student's absences will be considered undocumented. Other examples of undocumented absences include caring for siblings, oversleeping, missed bus, car problem, parent notes, and **family trips or vacations**. Makeup work with full credit for undocumented days absent will be at the teachers' discretion.

Students who are not in school for at least half of the day by state law are considered absent. Those students that arrive after 10:45 a.m. will have their attendance marked as Tardy/Absent and those that leave prior to that time will be recorded as Dismissed/Absent.

If a student is absent five (5) or more consecutive days, or is showing a pattern of excessive absenteeism a doctor's note is by required.

In accordance with MGL, Chapter 76, sect. 18, no student sixteen years of age or older shall be considered to have permanently left public school unless an administrator of the school which such student last attended has sent notice within five days of the tenth consecutive absence to the parent or guardian of such student in both the primary language of such parent or guardian and English, stating that such student and his parent or guardian may meet with the superintendent or the superintendent's designee for an exit interview. The time for meeting may be extended at the request of the parent or guardian and with consent of the school

committee or designated representatives, provided no extension shall be for longer than fourteen days. The superintendent or designee shall convene a team that may consist of the principal, guidance counselor, teachers, attendance officer and other relevant school staff, to participate in the exit interview. During the exit interview, the student shall be given information about the detrimental effects of early withdrawal from school, the benefits of earning a high school diploma and the alternative education programs and services available to the student. The superintendent shall annually report to the department of education the number of students sixteen years of age or older who have permanently left school, the reasons for such leaving and any alternative educational or other placement which each such student has taken.

The provisions of this section shall not apply to a student who has completed the regular course of education, apply to a student whose absences have been excused, nor shall this section be construed to permanently exclude a student who wishes to resume his education.

### **Automated Call System**

Parents/Guardians will be informed of student absences by an automated call system. It is essential that parents and students provide up-to-date telephone numbers. Calls are made daily informing parents of absences. Parents who receive an automated call and are unaware of an absence, have other attendance issues, or have a family emergency should call the main office at (978)-374-5700, x1100, 1101, and 1102. If you have attendance questions regarding how students can recover credit due to excessive absences, please contact the Family Resource Center at x1113 or x1158.

### **Tardiness to Class Procedure**

The objective of the student when the bell rings is to report directly to class. Students should take direct routes, and plan accordingly to ensure they report to class in the five (5) minute timeframe. At no point should students:

- Linger in the hallways
- Go to areas of the building that is not their class

Consequences for students tardy to class

1. First offense: Students will receive a warning from the teacher
2. Second and Third Offense: Teachers will contact students parents and assign a teacher detention.
3. Fourth and subsequent offenses: Teachers will submit discipline referral to administration.

Please note:

- Over 15 minutes late to class equals one undocumented absence from class.
- Every three (3) undocumented tardies to class (less than 15 minutes) will be counted as one undocumented absence and be subject to the administrative failure policy.

***It is the responsibility of the student to get to all of their classes before the late bell.***

ALL students should:

- Take direct routes
- Avoid lingering

HHS Tardy Procedure: If students are under 5 minutes tardy to class.

- First Offense: Warning
- Second/Third Offense: Teacher detention & a phone call home to parent/guardian.
- Fourth Offense: Disciplinary referral to Assistant Principal
- Fifth Offense: Student becomes a habitual offender and will be required to have a determination meeting with the building principal & parent.

If students are more than 5 minutes tardy:

- First Offense: Automatic disciplinary referral to Assistant Principal
- Second Offense: Student becomes a habitual offender and will be required to have a

determination meeting with the building principal & parent.

### **Dismissal**

Students who need to be dismissed during the day must bring a parental note to the Main Office **before** school, where they will be issued an official dismissal slip to present to their teacher at the assigned dismissal time. The student must leave the dismissal slip and sign out in the Main Office. Only dismissals from the nurse or a medical note requesting the dismissal shall be considered documented.

#### ***Please note:***

- *The school cannot dismiss students nor permit students to be absent from school to work at elections.*
- *Only students who are 18 years of age and have an Age of Consent form on file may dismiss themselves.*
- *Students may not initiate dismissals. Students who use a cell phone to initiate dismissals are subject to disciplinary action.*

### **Make-Up Provisions**

Any student who has a documented absence from classes will be permitted to make up work without the assessment of any penalty. Make-up is the responsibility of the student and has priority over extracurricular activities, sports and work. Make-up provisions vary depending on the duration and type of absence:

- **One Day** – Work is to be made up by the end of next school day after the teacher assigns it.
- **Two to Five Consecutive Days** – Work is to be made up by the end of the next period of two to five school days after a teacher assigns it.
- **More Than Five Consecutive Days** – Arrangements are not to be made with each teacher.

*Absence Due to Illness – Students who are absent five (5) or more consecutive days for reasons of illness must report to the nurse's office before they can be readmitted.*

### **Student Conduct**

One of our primary goals is to foster an atmosphere of trust and communication, which encourages and seeks parental input. Parents are vital to the success of the school process. They have the responsibility in shared partnership with the school to reinforce acceptable standards of behavior as well as the entire learning process at home.

Students are expected to maintain proper standards of behavior and will:

- Respect the rights of others;
- Exercise common sense, good judgment and self-discipline;
- Apply themselves to the best of their abilities to continued educational growth;
- Contribute to a positive school environment;
- Accept responsibility for their behavior and actions.

It is expected that students and staff will treat one another with dignity and respect; that teachers will consistently enforce all school rules and policies.

The school administration is charged with maintaining a school environment conducive to optimum learning. It is also the responsibility of the administration to implement the school code of discipline in a consistent, firm and fair manner. The administration recognizes the importance of exhibiting compassion and understanding, when possible and appropriate, in dealing with specific violations of the code by individual students. All decisions will be made based upon available facts, good faith judgment, common sense, consistency, and the general good of the school and what is in the best interest of all students.

## **G. Appropriate Use of Electronic Devices.**

The Haverhill Public School District is committed to aiding students and staff in creating a 21st century learning environment. In an effort to put students at the center and empower them to take control of their own learning, Haverhill High School will allow students to use personal technology devices during the school day with certain conditions in place for classroom usage.

The words “electronic device” means a privately owned wireless and/or portable electronic piece of equipment that includes laptops, netbooks, tablets/slates, iPod touches, cell and smart phones. The student takes full responsibility for his or her device and keeps it with himself/herself. The school is not responsible for the security of the device.

Students may have silenced electronic devices on their person. Students will be allowed unrestricted access to their personal devices until 7:20 a.m. (at the first bell) and after 2:05 p.m. and during their 30 minute lunch period. Between 7:20 a.m. - 2:05 p.m., students will refrain from making phone calls; phone calls should be made with permission in a nearby office.

Appropriate personal use of devices is allowed during lunch in the cafeteria and mall area, and in halls in between classes. This includes the use of headphones (one earbud in and low volume excluding sound cancelling earbuds).

Students in study halls may use their electronic devices. They are also allowed to use their listening device as long as the volume is low enough for the teacher to be able to communicate with the student and it is not a distraction to others.

Students shall **not** turn on any electronic device in locker rooms and bathrooms; any violation of this policy may result in suspension or other disciplinary proceedings.

Cell phones are not to be out in the HHS classrooms unless being used for a specific lesson. After the classroom expectation has been set, any violation will result in the teacher holding the phone for the remainder of the class/period. If the student refuses to give the teacher the phone, security will be called. If security is called the student will be escorted to an Assistant Principal’s office, where they will be required to leave their phone until the end of the day. Any repeat offense that results in a student being sent to the Assistant Principal’s office will result in their phone being held in the Main Office in a sealed envelope until a parent/guardian (not the student) picks it up.

Additional items to note: Charging phones in classrooms will not be allowed. Appropriate personal use of devices is allowed in study halls, during hallway passing, lunch in the cafeteria and in the mall area. During only those times students will be allowed to listen to music (With one earbud in and low volume) and check their messages.

Students cannot audio or videotape teachers and students without their expressed permission. Audio or video taping of teachers without their expressed permission shall never be allowed and the audio or videotape shall never be used in any disciplinary proceedings of teacher.

Utilizing technology is a privilege and a responsibility that all students must learn; however, inappropriate and malicious use of the device and its applications will not be tolerated in the school community. Inappropriate use, insubordination to the classroom rule, or using it in a disruptive manner will result in disciplinary action. Taking or capturing images with devices and/or recordings with devices is not permitted at any time without prior approval from a teacher or an administrator. Failure to comply will result in disciplinary action.

***In the event of an emergency at the high school, all students will cooperate and cease use of technology. They must pay attention to the situation at hand and follow the given directions.***

At any time, the teacher can revoke the students' right to use electronic devices in class if s/he feels it is disruptive to the learning environment.

## **H. Food and Drink**

**(9) *Physical Restraint Policy***

603 CMR 46.00 was promulgated by the Board of Education to govern the use of physical restraint on students in publicly funded elementary and secondary school programs. The purpose of 603 CMR 46.00 is to ensure that every student participating in a Massachusetts public education program is free from unreasonable use of physical restraint.

Physical restraint, including prone restraint where permitted, shall be considered an emergency procedure of last resort and shall be prohibited in public education programs except when a student's behavior poses a threat of assault, or imminent, serious, physical harm to self or others and the student is not responsive to verbal directives or other lawful and less intrusive behavior interventions, or such interventions are deemed to be inappropriate under the circumstances.

**Physical restraint shall not be used:**

- As a means of discipline or punishment;
- When the student cannot be safely restrained because it is medically contraindicated for reasons including, but not limited to, asthma, seizures, a cardiac condition, obesity, bronchitis, communication-related disabilities, or risk of vomiting;
- As a response to property destruction, disruption of school order, a student's refusal to comply with a public education program rule or staff directive, or verbal threats when those actions do not constitute a threat of assault, or imminent, serious, physical harm; or
- As a standard response for any individual student. No written individual behavior plan or individualized education program (IEP) may include use of physical restraint as a standard response to any behavior. Physical restraint is an emergency procedure of last resort.

In accordance with 603 CMR 46.00, restraint is defined as follows:

- Extended restraint: A physical restraint the duration of which is more than twenty (20) minutes. Extended restraints increase the risk of injury and, therefore, require additional written documentation and requires approval of the principal prior to the restraint.
- Physical escort shall mean a temporary touching or holding, without the use of force, of the hand, wrist, arm, shoulder, or back for the purpose of inducing a student who is agitated to walk to a safe location.
- Physical restraint shall mean direct physical contact that prevents or significantly restricts a student's freedom of movement. Physical restraint does not include: brief physical contact to promote student safety, providing physical guidance or prompting when teaching a skill, redirecting attention, providing comfort, or a physical escort.
- Mechanical restraint, medication restraint, and seclusion shall be prohibited in public education programs.
- Medication restraint shall mean the administration of medication for the purpose of temporarily controlling behavior. Medication prescribed by a licensed physician and authorized by the parent for administration in the school setting is not medication restraint.
- Parent shall mean a student's father, mother, or legal guardian or person or agency legally authorized to act on behalf of the student in place of or in conjunction with the father, mother, or legal guardian.

603 CMR 46.03 requires that public education programs develop written procedures regarding appropriate responses to student behavior that may require immediate attention. Such procedures are annually reviewed and provided to school staff and parents. Such procedures include methods for preventing student violence, self-injurious behavior and suicide. It further requires that school policy be established that explains the program's method of restraint, a description of the training requirements, reporting requirements and follow-up procedures, and a procedure for receiving and investigating complaints regarding restraint practices. To ensure procedural compliance with 603 CMR 46.03, the Haverhill School Committee commits to the following:

**Required training for all staff.** Each principal or director shall determine a time and method to provide all program staff with training regarding the program's restraint prevention and behavior support policy and requirements when restraint is used. Such training shall occur within the first month of each school year and, for employees hired after the school year begins, within a month of their employment. Training shall include information on the following:

- The role of the student, family, and staff in preventing restraint;
- The program's restraint prevention and behavior support policy and procedures, including use of time-out as a behavior support strategy distinct from seclusion;
- Interventions that may preclude the need for restraint, including de-escalation of problematic behaviors and other alternatives to restraint in emergency circumstances;
- When behavior presents an emergency that requires physical restraint, the types of permitted physical restraints and related safety considerations, including information regarding the increased risk of injury to a student when any restraint is used, in particular a restraint of extended duration;
- Administering physical restraint in accordance with medical or psychological limitations, known or suspected trauma history, and/or behavioral intervention plans applicable to an individual student; and
- Identification of program staff who have received in-depth training pursuant to 603 CMR 46.03(3) in the use of physical restraint.

**In-depth staff training in the use of physical restraint.** At the beginning of each school year, the principal of each public education program or his or her designee shall identify program staff who are authorized to serve as a school-wide resource to assist in ensuring proper administration of physical restraint. Such staff shall participate in in-depth training in the use of physical restraint. The Department recommends that such training be competency-based and be at least-sixteen (16) hours in length with at least one refresher training occurring annually thereafter.

**Advisement of right of referral to law enforcement agencies.** Nothing in the regulations prohibits any individual from reporting to appropriate authorities a crime committed by a student; law enforcement authorities from detaining a student or other person alleged to have committed a crime or posing a risk; or an individual's responsibilities as a mandated reporter pursuant to MGL c. 119, §51A to report neglect or abuse of a child to the appropriate state agency.

**Safety requirements.** Additional requirements for the use of physical restraint:

- No restraint shall be administered in such a way that the student is prevented from breathing or speaking. During the administration of a restraint, a staff member shall continuously monitor the physical status of the student, including skin temperature and color, and respiration.
- Restraint shall be administered in such a way so as to prevent or minimize physical harm. If, at any time during a physical restraint, the student expresses or demonstrates significant physical distress including, but not limited to, difficulty breathing, the student shall be released from the restraint immediately, and school staff shall take steps to seek medical assistance.

- If a student is restrained for a period longer than 20 minutes, program staff shall obtain the approval of the principal. The approval shall be based upon the student's continued agitation during the restraint justifying the need for continued restraint.
- Program staff shall review and consider any known medical or psychological limitations, known or suspected trauma history, and/or behavioral intervention plans regarding the use of physical restraint on an individual student.
- After the release of a student from a restraint, the public education program shall implement follow-up procedures. These procedures shall include reviewing the incident with the student to address the behavior that precipitated the restraint, reviewing the incident with the staff person(s) who administered the restraint to discuss whether proper restraint procedures were followed, and consideration of whether any follow-up is appropriate for students who witnessed the incident.

**Informing the principal.** The program staff member who administered the restraint shall verbally inform the principal of the restraint as soon as possible, and by written report no later than the next school working day. The written report shall be provided to the principal for review of the use of the restraint. If the principal has administered the restraint, the principal shall prepare the report and submit it to an individual or team designated by the superintendent or board of trustees for review. The principal is to identify individual students restrained multiple times within the previous week and convene a review team (Regulation 46.06 {5}). The principal shall conduct a monthly review of school wide restraint data. (Regulation 46.06 {6}) The principal or director or his/her designee shall maintain an ongoing record of all reported instances of physical restraint, which shall be made available for review by the parent or the Department upon request.

**Informing parents.** The principal or director of the program or his/her designee shall make reasonable efforts to verbally inform the student's parent of the restraint within 24 hours of the event, and shall notify the parent by written report sent either within three school working days of the restraint to an email address provided by the parent for communications about the student, or by regular mail postmarked no later than three school working days of the restraint. If the school or program customarily provides a parent of a student with report cards and other necessary school-related information in a language other than English, the written restraint report shall be provided to the parent in that language. The principal shall provide the student and the parent an opportunity to comment orally and in writing on the use of the restraint and on information in the written report.

#### **(10) *Student Education Records***

603 CMR 23.00 is promulgated by the Board of Education pursuant to its powers under MGL c. 71, §34 D which directs that "The board of education shall adopt regulations relative to the maintenance, retention, duplication, storage and periodic destruction of student records by the public elementary and secondary schools of the commonwealth. Such rules and regulations shall provide that a parent or guardian of any pupil shall be allowed to inspect academic, scholastic, or any other records concerning such pupil which are kept or are required to be kept". 603 CMR 23.00 was originally promulgated on February 10, 1975, and was reviewed and amended in August 15, 2006. 603 CMR 23.00 is in conformity with federal and state statutes regarding maintenance of and access to student records, and are to be construed harmoniously with such statutes.

#### **(11) *The Family Education Rights and Privacy Act (FERPA)***

The Family Education Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U. S. Department of Education.

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students".

As parents or eligible students you have the right to inspect and review the student's education records maintained by the school within 45 days of the day the school receives request for access. Parents or eligible students should submit a written request to the building principal identifying the specific record(s) they wish

to inspect. Principals will make notification of time and place for access. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. A fee may be charged for processing.

Parents or eligible students also have the right that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still does not amend the record, the parent of eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

A student record consists of the transcript and the temporary record, including all information, recording or computer tapes, microfilm, microfiche, or any other materials, regardless of physical form or characteristics concerning a student that is organized on the basis of the student's name or in a way that such a student may be individually identified, and that is kept by the Haverhill Public Schools. The term as used in 603 CMR 23.00 shall mean all such information and material regardless of where they are located, except for the information and materials specifically exempted by 603 CMR 23.04. The temporary record consists of all the information in the student record which is not contained in the transcript. Such information is important to the educational process and may include standardized test results, class rank, extracurricular activities, and evaluations of the student by school staff.

Generally, schools must have written permission from the parent of eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to the student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to state law.

Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. Reasonable attempt to notify the parent of student of the records request will be provided.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA may be filed with the Office for Family Compliance Policy, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-8520.

#### **(12) 603 CMR 23.10: Notification**

The Haverhill Public Schools generally releases directory information: relative to its students, as that term is defined under 603 CMR 23.07 (4)(a). The following information is considered directory information which may be released to third parties without the prior consent of the eligible student or his/her parent: "a student name, address, telephone listing, date and birthplace, major field of study, dates of attendance, weight and height of members of athletic teams, class, participation in officially recognized activities and sports, degrees, honors and awards, and post-high school plan."

In addition, school districts are required to provide military recruiters with the same access to secondary school students as provide to post-secondary institutions or to prospective employers. This provision includes students' names, addresses, and telephone listings.

However, before the school releases this information it must give public notice that it releases these types of information and it must inform parents and eligible students that they have the right to request that this information not be released without prior consent. Please consider this statement as such notice. If it is your

desire to request that such directory information not be released without your prior consent please contact the building principal.

If you wish to review any survey instrument or instruction material used in connection with any protected information or marketing survey, please submit a request to the building principal. The principal will notify you of the time and place where you may review these materials. You have the right to review a survey and/or instruction materials before the survey is administered to the student.

Parents who believe that their rights have been violated may file a complaint with the Office for Family Compliance Policy, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-8520.

**(14) *Student Photographs and Issues of Privacy***

Individual schools may arrange, in cooperation with the school’s parent organization, student council, designated student committee, or a staff committee, to take individual student and/or class group pictures. Awarding of the photographic services shall be conducted through bidding procedures.

Individual and/or class group pictures may be taken at the school facility and during the regular school day hours. The pictures shall be made available for purchase by students and/or parents on a voluntary basis. The building principal or his/her designee shall have final authority in authorizing the picture-taking program and will be responsible for overseeing the process.

Students may be required to have an individual picture taken for the cumulative file or identification purposes; however, no student shall be pressured or required to purchase photographs.

The purpose of the policy is to: **1.** Enhance the safety of students through visual identification in an emergency situation, **2.** Facilitate the social, educational, and administrative activities conducted in the school, **3.** Provide a service to parents and students, and **4.** Allow any excess monies realized from the picture-taking program to be used by the sponsoring group as authorized by the building principal.

**(15) *Harassment Policy***

The Haverhill Public School system is committed to maintaining a school environment free of harassment based on race, color, religion, national origin, age, gender, gender identity, sexual orientation, or disability. Harassment by administrators, certified and support personnel, students, vendors and other individuals at school or at school sponsored events is unlawful and is strictly prohibited. The Haverhill Public School system requires all employees and students to conduct themselves in an appropriate manner with respect to their fellow employees, students and all members of the school community.

### **Definition of Harassment**

In General: Harassment includes insults, name-calling, inappropriate jokes, threats, comments, innuendoes, notes, display of pictures or symbols, gestures, or other conduct which offends or shows disrespect to others based upon race, color, religion, national origin, age, gender, gender identity, sexual orientation, or disability.

What one person may consider acceptable behavior may be reasonably viewed as harassment by another person. Therefore, individuals should consider how their words or actions might reasonably be viewed by other individuals. It is also important for individuals to make it clear to others when a particular behavior or communication is unwelcome, intimidating, hostile or offensive.

Sexual Harassment: While all types of harassment are prohibited, sexual harassment requires particular attention. Under Massachusetts General Law Chapter 151C – Section 1 Paragraph E, the term “sexual harassment” includes sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when:

Submission to or rejection of such advances, requests or conduct is made either explicitly or implicitly a term or condition of the provision of the benefits, privileges or placement services or as a basis for the evaluation of academic achievement; or (ii) such advances, requests or conduct have the purpose or effect of unreasonably interfering with an individual’s education by creating an intimidating, hostile, humiliating or sexually offensive educational environment.

### **Harassment and Retaliation Prohibited**

Harassment in any form of reason is absolutely forbidden. This includes harassment by administrators, certified and support personnel, students, vendors and other individuals in school or at school related events. Retaliation against any individual who has brought harassment or other inappropriate behavior to the attention of school officials or who has cooperated in an investigation of a complaint under this policy is unlawful and will not be tolerated by the Haverhill Public Schools.

Persons who engage in harassment or retaliation may be subject to disciplinary action, including, but not limited to reprimand, suspension, termination/expulsion or other sanction as determined by the school administration and/or School Committee, subject to applicable procedural requirements.

### **Investigation**

If any individual or his/her representative, complains that he/she has been harassed (or who has witnessed or leaned and reported an incident of harassment) in the educational environment, appropriate school officials will investigate the facts and circumstances as reported. In assessing such reports school officials will be careful to consider the viewpoint of the complaint, or reporter, especially in cases involving small children. The complainant will be informed of the grievance procedure.

School officials will promptly look into each complaint of harassment. Such inquiries will be handled at the lowest possible level, most ordinarily at the building level. Central Office staff routinely will serve only in an appellate capacity. If a determination is made that harassment has occurred, school officials will take any appropriate aforementioned action to end the harassment and to ensure that it is not repeated. Confidentiality will be maintained consistent with the school system’s obligations under law and under applicable collective bargaining agreements.

In certain cases, the harassment of a student may constitute child abuse by a “caretaker” e.g. by school staff member) and under Massachusetts General Law Chapter 119, section 51A school administrators, teachers, and other school staff must report the suspected child abuse to the Department of Children and Family Services. The state agency responsible for enforcing laws prohibiting harassment is the Massachusetts Commission Against Discrimination (“MCAD”), which is located at One Ashburton Place, Suite 601, Boston, Massachusetts, 02108. The agency responsible for enforcing federal laws prohibiting harassment in the employment context is the Equal Employment Opportunity Commission, which is located at John F. Kennedy Federal Building, 475 Government Center, Boston, MA 02203.

Notwithstanding the above, it is understood that in the event a resolution contemplated by the Haverhill Public Schools involves disciplinary action against an individual, the complainant will not be informed of such disciplinary action. Unless it is directly involves the complainant involves the complainant (i.e., a directive to “stay away” from the complainant, as might occur as a result of a complaint of harassment.)

### ***(16) Prohibition Against Bullying***

Haverhill Public Schools strives to create a safe and respectful learning atmosphere for not only its students but also the faculty and community. Therefore, we, in accord with The Massachusetts Bullying Prevention and Intervention Law, will not tolerate unlawful, disruptive behavior or any form of bullying. The Haverhill Public Schools believes that the target's sense of safety and security is necessary for learning and productivity, and therefore all reports and complaints will be addressed with prompt action. This pledge toward action and respect is supported by our school community, our curricula and extracurricular programs, staff development and procedures, and parent or community involvement.

**Bullying is the repeated use by one or more students or by a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional of a written, verbal, or electronic expression or a physical act or gesture or any combinations thereof, directed at a target that**

- a) Causes physical or emotional harm to the target or damages the target's property
- b) Places the target in reasonable fear of harm or damage to his property
- c) Creates a hostile environment at school for the target
- d) Infringes on the rights of the target at school
- e) Materially and substantially disrupts the education process or orderly operation of a school

**Cyber-bullying is bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyber-bullying shall also include**

- a. The creation of a web page or blog in which the creator assumes the identity of another person or the knowing impersonation of another person or the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (a) to I, inclusive, of the definition of bullying.
- b. The distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (a) to I inclusive, of the definition of bullying.

**Furthermore, Haverhill Public Schools will act against all forms of retaliation, which is any form of intimidation, reprisal, or harassment directed against a student who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.**

Every student, parent, and employee of the school district must recognize the acts of bullying, cyber-bullying, and retaliation. Any student who believes that he has been a target of such should report it immediately to a teacher, principal, or member of the school community whom he/she trusts. Likewise, students and members of the school staff who witness or become knowledgeable about bullying, cyber-bullying, or retaliation should immediately report it as well.

## **Student Conduct and Discipline**

### **Basic Guidelines**

1. Normal procedures at Haverhill High School involve teachers, parents, administrators and other staff members.

2. All staff members are encouraged and expected to resolve minor conflicts and minor violations of rules when and where they occur.
3. Except for trivial incidents, parents are to be informed of violations as soon as possible.
4. Parents are to be informed as soon as a pattern of inappropriate behavior occurs.
5. All applicable procedures and school rules are in force off school grounds during school-sponsored activities.
6. Each school adult is responsible for bringing misconduct to the attention of students and, if appropriate, parents/guardians. If a conference alone does not or will not resolve the issue, a disciplinary referral will be made.

### **Detention**

- a. Each professional and paraprofessional staff member is authorized to detain students after school. Teacher detention is up to 15 minutes, office detention is 50 minutes.
- b. A detention may be imposed on the day of the infraction if the staff member is satisfied that the student does not have an important prior commitment or transportation problem. Student employment, athletics or other club activities are not acceptable reasons for missing detentions.
- c. In case of such a problem, the detention may be imposed for next school day. The student shares responsibility for informing parents or guardians regarding detention(s).
- d. Parents or guardians are responsible for providing, if necessary, transportation from school.
- e. The duration of each detention is at the reasonable discretion of the staff member (within a 60 minute limit). Office detentions are 50 minutes.
- f. After-school activities or athletics will not be participated in until detentions are served.
- g. Failure to report for detention or arrange for an approved deferral may result in additional detentions or suspension from school.
- h. The second and subsequent incident of a student failing to report for detention or arrange for an approved deferral may result in time in the Educational Responsibility Center, or ERC.
- i. If appropriate, parents will be informed of detentions served or to be served.
- j. Disruption of the detention room may result in a second day of detention or In School Suspension or, if the situation necessitates, Out of School Suspension.
- k. Students may be denied parking privileges until assigned detentions are served.

### **Student Discipline**

The purpose of disciplinary action is to restore acceptable behavior. When disciplinary action is necessary, it shall be administered with fairness and shall relate to the individual needs and the individual circumstances.

Students violating any of the rules of student conduct and control will be subject to disciplinary action.

Certain breaches of conduct are so serious that the Principal may long term suspend or expel a student under the provisions of M.G.L. c. 71, §37H and 37H ½. These include:

- Possession of a dangerous weapon while on school grounds or at a school-sponsored event
- Possession of a controlled substance while on school grounds or at a school-sponsored event
- An assault on a School Administrator, teacher, teacher's aide, or other staff person.
- A felony charge or conviction

Other violations of the code of conduct will subject a student to disciplinary action up to and including suspension under the provisions of M.G.L. chapter 71, §37H ¾.

The Principal has the authority to exercise discretion in deciding the consequences for a student who has violated disciplinary rules. The Principal shall first consider ways to re-engage the student offender in the learning process, and shall avoid using long term suspension/expulsion until other remedies and consequences have been employed.

The following actions will result in disciplinary action:

**It is not practical or even possible to list every student action which is prohibited in a school setting and which may subject a student to discipline. Any act by a student that is disruptive to the educational environment, whether listed below or not, may result in discipline. Moreover, the particular form of discipline may vary for each student and each incident, based upon all relevant circumstances. Thus, the following list merely presents examples of prohibited behavior and guidelines for response.**

Note that any suspected criminal activity may be referred to the police department. Such referral is separate and distinct from discipline which may be imposed in the school setting. However, for the information of students, “police referral” is listed next to those actions which may be criminal in nature and which are thus likely to result in referral to the police department. **The disciplinary actions listed below represent a hierarchy of consequences, not a sequence.**

### **Disciplinary Procedures**

#### **Suspension**

A suspension is a short term or long term removal from regular classroom activities.

Short term suspension is the removal of a student from the school premises and regular classroom activities for ten (10) consecutive days or less.

Long term suspension means the removal of a student from the school premises and regular classroom activities for more than 10 consecutive days, or for more than ten (10) days cumulatively for multiple disciplinary offenses in any school year.

A suspended student is restricted from entering the school buildings, or coming onto school grounds; and a suspended student may not participate in any school sponsored activities or functions during the suspension period.

The Principal or his/her designee has the sole responsibility for determining who is suspended.

### **In school suspension**

At the discretion of the Principal, an in-school suspension may also be imposed for violation of the student code of conduct. In-school suspension means the student is removed from regular classroom activities, but not from the school premises, for no more than ten (10) consecutive school days. In-school suspension for less than ten (10) days shall not be considered a short-term suspension. An in-school suspension of more than 10 days shall be deemed a long-term suspension.

For an in-school suspension, the principal shall inform the student of the disciplinary offense charged and the basis for the charge, and provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident. If the principal determines that the student committed the disciplinary offense, the principal shall inform the student of the length of the student's in-school suspension, which shall not exceed 10 days, cumulatively or consecutively, in a school year.

On the same day as the in-school suspension decision, the principal shall make reasonable efforts to notify the parent orally of the disciplinary offense, the reasons for concluding that the student committed the infraction, and the length of the in-school suspension. The principal shall also invite the parent to a meeting to discuss the student's academic performance and behavior, strategies for student engagement, and possible responses to the behavior. Such meeting shall be scheduled on the day of the suspension if possible, and if not, as soon thereafter as possible. If the principal is unable to reach the parent after making and documenting at least (2) attempts to do so, such attempts shall constitute reasonable efforts for purposes of orally informing the parent of the in-school suspension.

The principal shall send written notice to the student and parent about the in-school suspension, including the reason and the length of the in-school suspension, and inviting the parent to a meeting with the principal, if such meeting has not already occurred. The principal shall deliver such notice on the day of the suspension by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or by other method of delivery agreed to by the principal and the parent.

### **Opportunity for Academic Progress During Suspension/Expulsion**

Any student receiving in-school suspension, short-term suspension, or long-term suspension shall have the opportunity to make up assignments, tests, papers, and other school work as needed to make academic progress during the period of removal from the classroom or school.

Any student who is expelled or suspended from school for more than ten (10) consecutive days shall have an opportunity to receive educational services that will enable the student to make academic progress toward meeting state and local requirements through the school-wide educational services plan.

### **Student due process rights**

In administering discipline, school officials will be careful to observe the right to due process under the law for each student. The nature of the violation determines the due process that school officials follow.

1. DUE PROCESS RIGHTS FOR STUDENTS CHARGED WITH POSSESSION OF A DANGEROUS WEAPON, POSSESSION OF A CONTROLLED SUBSTANCE, ASSAULT ON SCHOOL STAFF AND/OR STUDENTS WHO HAVE BEEN CHARGED WITH OR CONVICTED OF A FELONY (M.G.L. c. 71, §37H and M.G.L. c. 71, §37H ½).

Short Term Disciplinary Sanctions (§37H and §37H ½): Prior to the imposition of any disciplinary sanction that might result in a student's suspension from school for ten (10) consecutive school days or less, the student will be given oral notice of the offense with which he/she is charged and an opportunity to respond. In the event that the Principal or designee determines that the student will be suspended from school, the student's parent(s)/guardian(s) will be notified by telephone and in writing.

Long Term Disciplinary Sanctions (§37H and §37H ½): Prior to the imposition of any disciplinary sanction that might result in the student's suspension from school for more than ten (10) consecutive school days or expulsion, the parents/guardians will be given written notice of a hearing at which they may be represented by an attorney at their expense and may examine and present witnesses and documentary evidence. Following this hearing, a written decision will be issued. The parent(s)/guardian(s) will have the right to appeal any decision imposing a long term suspension or expulsion from school to the Superintendent. Where the student is excluded in accordance with M.G.L. c. 71, §37H, the student shall have ten (10) days from the effective date of the exclusion to file a written appeal with the Superintendent of Schools. For exclusions imposed pursuant to M.G.L. c. 71, §37H ½, the student shall have five (5) days from the effective date of the exclusion to file a written appeal with the Superintendent. For exclusions imposed by the School Committee in accordance with M.G.L. c. 76, §17, the student shall have the right to file a written request for reconsideration by the committee within ten (10) days of the effective date of the exclusion. Pending the outcome of any such appeal, the disciplinary sanction imposed shall remain in effect. M.G.L. c. 76, §17, M.G.L. c. 71, §37H and M.G.L. c. 71, §37H ½.

2. DUE PROCESS RIGHTS FOR STUDENTS CHARGED WITH OTHER VIOLATIONS (M.G.L. c. 71, §37H ¾ )

Notice and principal's meeting (§37H ¾ ):

For any suspension under this section, the principal or a designee shall provide prior notice of the charges and the reason for the suspension or expulsion to the parent(s)/guardian(s) in English and the primary language spoken in the student's home. The student shall receive written notice of the charges and the opportunity to meet with the principal or designee to discuss charges and reasons for the suspension and/or exclusion prior to suspension/exclusion taking effect.

The principal or designee shall make reasonable efforts to notify the parent orally of the opportunity to attend the hearing. The meeting may take place without the student's parent(s)/guardian(s) so long as if the principal has sent written notice and has documented at least two (2) attempts to contact the parent in the manner specified by the parent for emergency notification.

The purpose of the principal's hearing is to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student committed the disciplinary offense, and if so, the consequences for the infraction.

The principal shall determine the extent of the rights to be afforded the student at a disciplinary hearing based on the anticipated consequences for the disciplinary offense.

a. Short-term Suspension (§37H ¾ )

The principal shall discuss the disciplinary offense, the basis for the charge, and any other pertinent information. The student also shall have an opportunity to present information, including mitigating facts, that the principal should consider in determining whether other remedies and consequences may be appropriate. The principal shall provide the parent, if present, an opportunity to discuss the student's conduct and offer information, including

mitigating circumstances, that the principal should consider in determining consequences for the student.

Based on the available information, including mitigating circumstances, the principal shall determine whether the student committed the disciplinary offense, and, if so, what remedy or consequence will be imposed.

The principal shall notify the student and parent of the determination and the reasons for it, and, if the student is suspended, the type and duration of suspension and the opportunity to make up assignments and such other school work as needed to make academic progress during the period of removal. The determination shall be in writing and may be in the form of an update to the original written notice.

If the student is in a public preschool program or in grades K through 3, the principal shall send a copy of the written determination to the superintendent and explain the reasons for imposing an out-of-school suspension, before the short-term suspension takes effect.

If a student receives a short term suspension, the student shall have the opportunity to earn credits, as applicable, make up assignments, tests, papers, and other school work as needed to make academic progress during the period of his or her suspension.

b. Long Term Suspension (§37H ¾ )

In addition to the rights afforded a student in a short-term suspension hearing, the student shall also have the opportunity to review the student's record and the documents upon which the principal may rely in making a determination to suspend the student or not; the right to be represented by counsel or a lay person of the student's choice, at the student's/parent's expense; the right to produce witnesses on his or her behalf and to present the student's explanation of the alleged incident, but the student may not be compelled to do so; the right to cross-examine witnesses presented by the school district; the right to request that the hearing be recorded by the principal, and to receive a copy of the audio recording upon request. If the student or parent requests an audio recording, the principal shall inform all participants before the hearing that an audio record will be made and a copy will be provided to the student and parent upon request.

If present, the Parent shall have an opportunity to discuss the student's conduct and offer information, including mitigating circumstances, which the principal should consider in determining consequences for the student.

Based on the evidence, the principal shall determine whether the student committed the disciplinary offense, and, if so, after considering mitigating circumstances and alternatives to suspension, what remedy or consequence will be imposed, in place of or in addition to a long-term suspension. The principal shall send the written determination to the student and parent by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or any other method of delivery agreed to by the principal and the parent.

If the student is in a public preschool program or in grades K through 3, the principal shall send a copy of the written determination to the superintendent and explain the reasons for imposing an out-of-school suspension, whether short-term or long-term, before the suspension takes effect.

If a student receives a long term suspension, the student shall have an opportunity to receive education services and to make academic progress toward meeting state and local requirements, through the school-wide education service plan. If the student is suspended for more than 10 days for a single infraction or for more than 10 days cumulatively for multiple infractions in any school year, the notice will include written notification of the right to appeal to the Superintendent and the process for appealing in English and the

primary language spoken in the student's home. No student will be suspended for greater than 90 days, beginning on the first day the student is removed from the building.

Emergency Removal (§37H ¾):

The principal may remove a student from school temporarily when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school, and, in the principal's judgment, there is no alternative available to alleviate the danger or disruption. The principal shall immediately notify the superintendent in writing of the removal and the reason for it, and describe the danger presented by the student. The temporary removal shall not exceed two (2) school days following the day of the emergency removal.

In the event of an emergency removal, the principal shall make immediate and reasonable efforts to orally notify the student and the student's parent of the emergency removal, the reason for the need for emergency removal. The principal shall provide written notice to the student and parent as provided above, and provide the student an opportunity for a hearing with the principal as provided above, and the parent an opportunity to attend the hearing, before the expiration of the two (2) school days, unless an extension of time for hearing is otherwise agreed to by the principal, student, and parent.

The principal shall render a decision orally on the same day as the hearing, and in writing no later than the following school day, which meets the requirements as described above.

In the event of an emergency removal from school, the principal will not release the student until adequate provisions have been made for the student's safety and transportation.

Superintendent's hearing (§37H ¾):

The parent(s)/guardian(s) shall have 5 calendar days following the effective date of a long term suspension or expulsion to submit a written request for an appeal to the Superintendent but may be granted an extension of time of up to 7 calendar days. There is no right to appeal a short term suspension to the Superintendent. If the appeal is not timely filed, the superintendent may deny the appeal, or may allow the appeal in his or her discretion, for good cause. The Superintendent will hold a hearing with the student and the parent(s)/guardian(s) within 3 school days of the student's request for an appeal. The time may be extended up to 7 calendar days if requested by the parent(s)/guardian(s). The Superintendent's hearing may proceed without the parent(s)/guardian(s) if a good faith effort was made to include parent(s)/guardian(s). The superintendent shall be presumed to have made a good faith effort if he or she has made efforts to find a day and time for the hearing that would allow the parent and superintendent to participate. The superintendent shall send written notice to the parent of the date, time, and location of the hearing.

At the hearing, the superintendent shall determine whether the student committed the disciplinary offense of which the student is accused, and if so, what the consequence shall be. Students shall have all of the rights afforded to students at the principal's hearing for long-term suspension. The Superintendent will issue a written decision within 5 calendar days of the hearing. If the superintendent determines that the student committed the disciplinary offense, the superintendent may impose the same or a lesser consequence than the principal, but shall not impose a suspension greater than that imposed by the principal's decision. The Superintendent's decision is the final decision of the district.

**Discipline of Students with Disabilities**

All students are expected to meet the requirements for behavior as set forth in this handbook. In addition to those due process protections afforded to all students, the Individuals with Disabilities Education Act and related regulations require that additional provisions be made for students who have been found eligible for special education services or who the school district knows or has reason to know might be eligible for such services. The school is deemed to have knowledge that a student is a student with a disability if before the behavior that precipitated the disciplinary action occurred: (1) the student's parent expressed concern in writing to supervisory or administrative personnel, or the student's teacher, that the student is in need of special education and related services; (2) the student's parent requested an evaluation of the child; or (3) the student's teacher, or other school personnel, expressed specific concerns directly to the director of special

education or to other supervisory personnel about a pattern of behavior demonstrated by the student. The school is not deemed to have knowledge of a disability if (1) the parent has not allowed an evaluation or has refused special education and related services, or (2) the child has been evaluated and determined not to be a child with a disability. If a request for an evaluation is made during the time period in which the student is subjected to disciplinary measures, the evaluation must be conducted in an expedited manner.

Students who have been found to have a disability that impacts upon a major life activity, as defined under §504 of the Rehabilitation Act, are, generally, also entitled to increased procedural protections prior to imposing discipline that will result in the student's removal for more than ten (10) consecutive school days or where there is a pattern of short term removals exceeding ten (10) school days in a given year. The following additional requirements apply to the discipline of students with disabilities:

1. The IEP for every student eligible for special education or related services shall indicate whether the student can be expected to meet the regular discipline code of the school or whether the code should be modified to address the student's individual needs.
2. Students with disabilities may be excluded from their programs for up to ten (10) school days to the extent that such sanctions would be applied to all students. Before a student with a disability can be excluded from his/her program for more than ten (10) consecutive school days in a given school year or ten (10) cumulative school days in a given school year, building administrators, the parents/guardians and relevant members of the student's IEP or 504 team will meet to determine the relationship between the student's disability and behavior (Manifestation Determination). During disciplinary exclusions exceeding ten (10) school days in a single school year, the student shall have the right to receive services identified as necessary to provide him/her with a free appropriate public education during the period of exclusion.
3. If building administrators, the parents/guardians and relevant members of the student's IEP or 504 Team determine that the student's conduct was not a manifestation of the student's disability, the school may discipline the student in accordance with the procedures and penalties applicable to all students but will continue to provide a free appropriate public education to those students with IEPs. The student's IEP team or 504 Team will identify the services necessary to provide a free appropriate public education during the period of exclusion, review any existing behavior intervention plan or where appropriate, conduct a functional behavioral assessment.
4. If building administrators, the parents/guardians, and relevant members of the student's IEP or 504 Team determine that the conduct giving rise to disciplinary action was a manifestation of the student's disability, the student will not be subjected to further removal or exclusion from the student's current educational program based on that conduct (except for conduct involving weapons, drugs or resulting in serious bodily injury to others) until the IEP or 504 Team develops, and the parent/guardians consent to, a new placement, or unless the District obtains an order from a court or from the Bureau of Special Education Appeals (BSEA) authorizing a change in the student's placement. The Student's Team shall also review the student's IEP, and modify as appropriate, any existing behavioral intervention plan or arrange for a functional behavioral assessment.
5. If a student with a disability possesses or uses illegal drugs, sells or solicits a controlled substance, possesses a weapon, or causes serious bodily injury to another on school grounds or at a school function, the District may place the student in an interim alternative educational placement (IAES) for up to forty-five (45) school days. A court or BSEA hearing officer may also order the placement of a student who presents a substantial likelihood of injury to self or others in an appropriate interim setting for up to forty-five (45) school days.

### **Police Action**

Haverhill High School has a Student Resource Officer (SRO) assigned to the school on a full-time basis. The SRO is an officer of the Haverhill Police Department and serves in a preventative role. If necessary and should circumstances warrant police intervention, the SRO will respond. The SRO is also available to students during the school day for private consultations.

### **Search and Seizure**

Students and their personal belongings are subject to search by school personnel to the extent such search is reasonable. In the event of a search of a student of his belongings, the parents will be notified as soon as possible following the search.

In addition, students are again reminded that school lockers and desks made available to them for their use remain the property of the school district. They should have no expectation of privacy in such areas, as they are subject to search by school personnel at any time.

Students are responsible for all items on their persons or in their desks, lockers, backpacks, or any other containers. If a student is assigned a locker and does not use it, the student is still accountable for all items in the locker. It is important that student report immediately to the office any items not belonging to them discovered in lockers, desks, book bags, or other containers. Sharing lockers is not allowed.

### **School Cancellation & Delayed Openings**

School closing and delayed announcements will be televised on channels 4, 5, 7, 10 and 99; along with the School Messenger System during the early morning news programs and will be broadcast on radio station WBZ AM 1030.

**Neither the Haverhill Police Department nor the schools should be called for “no school” information.**

The Haverhill Public School District has implemented a “Two (2) hour” delayed opening of school if it is necessary to give additional time in preparing the roads for safe transportation. Students who ride busses should adjust bus pick-up time by adding two (2) hours to the regular pick-up time. Remember that on stormy days, there can still be a delay in bus pick-up.
