

Make your own cloud dough at home with just 2 ingredients! Perfect for sensory play. You could also hide objects in it, and have your child find them, or you could give them spoons or little cups to play with. Mold it into cloud shapes that you see in the “Little Cloud” book by Eric Carle!

2c of corn starch

$\frac{1}{3}$ - $\frac{1}{2}$ c vegetable oil

*glitter (to make it sparkly, but you can definitely skip this step)
