<sup>\*</sup>We will provide a summary page of students' "top solutions" from the report, *Students' Priorities for Recovery and Beyond*, as a follow up to tonight's meeting. Thank you again for listening!

Good afternoon School Committee Members,

This is Carol Ireland, Program Director of the Haverhill VIP (Violence Intervention & Prevention) Program. Two of our VIP Leaders and Michael Gregory, Harvard Professor of Law will be presenting at the School Committee meeting this Thursday, April 29. We are excited to inform you about some of the substantial work we have completed together in the past 2 years that we believe can significantly impact our schools in a positive manner. In November of 2019, (pre pandemic), we were fortunate enough to form a relationship with Harvard Law School Education Clinic and MA Advocates for Children on the topic of Safe and Supportive Schools. The idea was to explore ways in which our schools create a safe and supportive culture to foster student success, while identifying areas for improvement.

Our students' work has included brainstorming with Harvard Law Interns, writing statements, and presenting at the State House for a legislative briefing. Students' statements to the legislators were to share their ideas while encouraging them to continue to provide funding for Safe and Supportive Schools legislation and grants. Throughout the pandemic, we've continued our work with Harvard in developing the **Students Speak** website that provides a platform for promoting students' voices and ideas to potentially influence educational decision making. The website is one of the powerful outcomes of the shared work and can be found at: <a href="https://students-speak.org">https://students-speak.org</a>. We invite and encourage you to visit the website!

During our weekly meetings, we have been refining and polishing the ideas into action plans and progressive solutions. I have attached the draft of "Students' Priorities for Recovery and Beyond" for your review. It is a working document that summarizes the concerns and solutions generated by the VIP students over the past several months. In our work together, we have learned more about an opportunity for schools to apply for the safe and supportive schools grant. This money can be utilized to implement new initiatives and solutions of which the VIP team has already put together numerous ideas. We met two weeks ago with Dr. Marotta and Principal Burns to seek commitment from the district to collaborate with them on submitting a grant proposal. Most recently, we have met with our state representatives to share our progress and request their support. The key factor in this project is the elevation of student leadership and voice, in collaboration with school administration. Virtual learning has heightened our awareness and concern for the obstacles and challenges students face, and with school reopening, we hope to create a positive change.

We acknowledge the overburdened and busy schedule of the committee, and greatly appreciate the opportunity to share our ideas for solutions beyond the reopening of schools. We believe the committee will be pleased to hear about this work and hope you will share your insights and support. We look forward to student voices being part of a unified effort in moving forward!

Respectfully.

Carol Ireland and VIP Team

#### Superintendent Comments/Reports.

COVID Update.

Dr. Marotta announced that Haverhill was in the "yellow", but there had been an uptick in cases due to the Easter holiday. She related that people should remain vigilant in their practices. The Superintendent commented that in reference to pool testing, six (6) pools out of 149 were positive and noted that the football team is presently in quarantine. Additionally, kindergarten students have returned to in-person classes and are happy and excited to be back in school.

Regarding the malware attack that occurred yesterday, Dr. Marotta related that IT personnel had realized there was an issue and came into work before dawn to shut down the system. She indicated there had been a cyberattack and that ransomware had been installed on 140 computers. The Superintendent noted the slow, meticulous process to ensure that the remnants of the attack are not on any equipment, this will result in Grades K-4 returning to school tomorrow. She added that web-based programs are accessible outside the district and there will be no internet with the school districts (no capacity for synchronous learning). Dr. Marotta announced that Grades K-4 would return to in-person learning and Grades 5-12 would remain in remote instruction. The Superintendent continued by relating that a cyber consulting agency along with Homeland Security, FBI and Haverhill Police Department were assisting with this effort. She thanked the community for their offers of assistance and indicated that there was plenty of expertise but that the restoration was a slow and methodical process.

In response to Mr. Wood's inquiry, Dr. Marotta replied that Chrome books and lap tops were not affected by cyber attack.

#### School Committee Reports/Communications.

Mr. Wood: Meeting Decorum.

Vice Chair Wood advised that public comments should only be directed during that section in the agenda and that shouting out during the meetings (disrupting a public body) was a violation of policy and the open meeting law. He noted as an original sponsor of public comment on the agenda, it should be used as an opportunity to express viewpoints and no comments are allowed at other points in the meeting. Mr. Wood recommended courtesy and respect at meetings, with no disruptions.

#### Subcommittee Reports ~ No reports.

#### Old Business.

Attorney Magliocchetti: Vaccine Update.

Attorney Magliocchetti noted out of an abundance of caution (due to not feeling well), he was utilizing remote participation. asked if everyone who wished to be vaccinated had obtained a vaccine. Dr. Marotta indicated that all staff were able to obtain vaccination appointments.

Attorney Magliocchetti indicated this item could be removed from future agendas.

Attorney Magliocchetti: Discussion of Living Wage for HPS Employees (tabled 03.25.21). He recommended keeping this item on the table.

School Choice (to remain on the table 03.11.21).

#### New Business.
