Public Comment (In-person & Remote).

Mr. Peter Yannakoreaus, 85 Millvale Road, Haverhill MA asked if parents were allowed to know what curriculum was being taught in the schools.

Mayor Fiorentini replied that parents did have this right.

There was an exchange between the mayor and Mr. Yannakoreaus.

Mr. Yannakoreaus was upset that there was a poster displayed at Nettle School many years ago that was anti-Christian. He was opposed to indoctrination in our schools and the teaching of evolution.

Mr. Barry Davis, 100 Market Street, Lowell, MA commended the school committee for its efforts in advocating for the FY24 budget. He also acknowledged the work of the school committee in its efforts to support the debt exclusion.

Yannakoreaus (Peter's son) asked for his father to be treated respectfully and also advocated for assistance for students with disabilities. He commented on his own disabilities including dyslexia etc.

Student Advisory Council Report ~ Sean Wynn & Melanie Palacios. Sean related that last Saturday, the class of 2023 graduated and then introduced Melanie Palacios, the new student council president.

Ms. Palacios provided her background to the school committee.

Facilities Update on HVAC Projects AC similar schools.pdf.

Mr. Stephen Dorrance, Facilities Director provided an overview of his presentation.

Attorney Magliocchetti stated that the recommendation from the last maintenance subcommittee meeting was to stagger the projects and requested that the assistant superintendent provide the financing options.

Mr. Pfifferling recommended the allocation of ARPA and IVAC funds for critical projects at the 1990's schools, specifically Pentucket Lake and Golden Hill.

Attorney Magliocchetti asked if the staggered timing would allow for completion of the projects in all the schools.

Mr. Pfifferling responded that grant funding and/or other funding sources would need to be sought to complete the remaining projects. He suggested the following project order: Tilton Upper, Silver Hill using ARPA/IVAC fundings then progressing to Golden Hill, Pentucket Lake and Bradford Elementary Schools.

Attorney Rosa asked about specifics.

A motion was made by Attorney Magliocchetti to allocate the funds to complete the work at the Tilton and Silver Hill Elementary Schools (ARPA funds) followed by planning for Golden Hill, Pentucket Lake and Bradford Elementary as stated by the assistant superintendent. Ms. Sullivan seconded the motion.

In response to Attorney Rosa's question on penthouse (encased under the roof, Mr. Dorrance replied that the air handling equipment was located on the third floor and (long steel staircase) only accessible by tradespeople, with the refrigeration units on the outside of school building (second floor).

Attorney Rosa confirmed there was access but it would require removal of the roof.

Mr. Dorrance could replace part of rubber roof out of the facilities' operating budget.

Mr. Pfifferling related that Silver Hill roof would be the next project for the accelerated repair program application process.

The assistant superintendent noted that the MSBA accelerated repair program needed to come back online from the state.

The mayor was hopeful that the Whittier School project would be advanced at the state level and would make some inquiries regarding the accelerated repair program.

The assistant superintendent noted that all roofs at 1990 replica schools will need to be replaced within the next five (5) years.

The mayor requested a roll call vote with the following results:

#### Student Outcomes Presentation.

Superintendent Marotta indicated that at the city council budget meeting a request had been made for budget overview in relation to student outcomes <u>HPS Budget Related Student Data Final June 2023-1.pdf</u>. She related that the post-pandemic recovery continued in our schools and that the supports that had been added to the budget were needed to support these efforts.

Attorney Rosa indicated that prior to the pandemic, significant progress had been achieved in the district.

The mayor did not believe there was a no correlation between per pupil expenditures and student achievement. He was pleased with the increase in graduation rates and decrease in dropout rates.
