

Our mission is to help children develop positive relationships with peers, their families, their teachers, and the adults around them.

Enrichment

EmpowerHouse kids get a quiet place to finish their homework, but we also expose them to fresh and exciting activities, including STEM, sports, art and theater.

Inspiration

Our diverse, structured program nurtures intellectual, emotional, and social growth. Our kids become more confident and creative, with decision making skills that will last a lifetime.

Empowerment

A child with a confident and positive mind is an amazing thing. Our kids learn to trust their inner voice and cultivate a positive self-image, preparing them to work through life's countless challenges.

Youth EmpowerHouse is more than an after school 'club' or a gym for pick-up sports. Our exceptional volunteers are part teacher, part mentor and part counselor. We believe that children from all backgrounds should have access to quality, affordable out-of-school programs, while their parents can more easily balance work and family life.

YOUTH EMPOWER HOUSE

Enrich. Inspire. Empower.

**Quality, affordable
out-of-school
programs for
greater Haverhill kids.**

Children from all backgrounds should have access to quality, affordable out-of-school programs.

Youth EmpowerHouse provides a safe, affordable place where boys and girls from all backgrounds feel empowered to grow and succeed, while their parents can more easily balance work and family life.

The work we do here empowers kids. It also strengthens families and communities.

By joining us, you not only get a convenient and safe place for your children, you'll play a pivotal role in ensuring they feel better equipped to succeed in school, in life, and in their careers.

Boys and Girls

Youth EmpowerHouse focuses on positive programming and enriching activities that build social, inter-personal, and athletic skills:

- Inquiry-based science programs that encourage boys and girls to use investigative and hands-on experiments and to think and communicate in scientific ways. These programs are interdisciplinary and relevant to both the community and the children's daily lives.
- Reading and storytimes, book clubs, and other literacy-based activities
- Interactive and hands-on, manipulative math games and activities for all skill levels
- Team sports and individual fitness programs aimed at making all children strong and healthy
- Social, emotional, and anti-bullying programs designed to help children build the skills necessary to go out into the world
- Special events: Spelling and Geography Bees, Concerts, Dramatic Productions and Plays
