The P.O.P.S Study

Polishing Our Parenting Skills: Guidance Programming for Parents of Youth in Therapeutic Classrooms

Psychologists at McLean Hospital are partnering with your school to understand the concerns of parents and caregivers so we can develop supportive programming for parents and caregivers of children in therapeutic classrooms.

If you are interested, please use the link below to learn more and participate in the study:

<https://redcap.link/POPSHaverhill>

Participants will receive:

- A \$25 Amazon gift card
- Participation is completely voluntary and will have no impact on the services your child receives

Location

- Online
- Participation includes a brief online survey and participation in an online focus group lasting approximately 1 hour.

Are you eligible?

- Parent or Caregiver of a child in a therapeutic classroom
- 18 years of age or older

If you're unsure if you meet the requirements, call or email a member of the study team:
