Impact on Belonging

La Repuesta has changed the face of our building. It has changed our approach to families. We had a family come to school for a disciplinary meeting and their student complained that there was no one to “warn” before a fight. The parents who were waiting in the office said, “How can that be we have been sitting here for 15 minutes watching students walk in, out and all over the office freely - as if they live here!”

La Repuesta ha cambiado la cara de nuestro edificio. Una familia vino a la escuela para una reunión disciplinaria y su estudiante se quejó de que no había nadie a quien “advertir” antes de una pelea. Los padres que estaban esperando dijeron: “¿Cómo puede ser? Hemos estado sentados aquí durante 15 minutos viendo a los estudiantes entrar, salir y recorrer libremente la oficina, ¡como si vivieran aquí!”

Research Highlights

At Nettle we had a Focus group meeting and our families reported that they were very grateful for the teachers and their dedication to learning but they were also nervous about coming to school and concerned about what they didn't know. En Nettle tuvimos una reunión de grupo focal y nuestras familias informaron que estaban muy agradecidos por los maestros y su dedicación al aprendizaje, pero también estaban nerviosos por venir a la escuela y preocupados por lo que no sabían

One thing that changed...

This year during the open house event we will have parent liaisons from our La Repuesta group paired with instructors at multiple stations to provide information and answer questions about systems in our school (gradebook software, homework policy, clubs and sports etc). **Este año, durante el evento de puertas abiertas, tendremos enlaces de padres de nuestro grupo de La Repuesta junto con instructores en múltiples estaciones para brindar información y responder preguntas sobre los sistemas de nuestra escuela (software de libreta de calificaciones, política de tareas, clubes y deportes, etc.).**

I. MISSION STATEMENT

HAVERHILL PUBLIC SCHOOLS ANTI-BULLYING POLICY

Haverhill Public Schools strives to create a safe and respectful learning atmosphere for not only its students but also the faculty and community. Therefore, we, in accord with The Massachusetts Bullying Prevention and Intervention Law, will not tolerate unlawful, disruptive behavior or any form of bullying. HPS believes that the target's sense of safety and security is necessary for learning and productivity, and therefore all reports and complaints will be addressed with prompt action. We recognize that certain students may be more vulnerable to become targets of bullying, harassment, or teasing based on actual or perceived characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, or sensory disability, or by association with a person who has or is perceived to have one or more of these characteristics. The school or district will create a safe, supportive environment for vulnerable populations in the school community, and provide all students with the skills, knowledge, and strategies to prevent or respond to bullying, harassment, or teasing.

II. LEADERSHIP

Advisory Committee

A committee comprised of representatives from teachers, staff, local law enforcement agencies, students and community members will review and revise the plan. The committee will also make recommendations regarding policy to the School Committee as necessary and provide oversight to the implementation of the plan.

District Leadership – are responsible for:

- Planning ongoing professional development in bullying prevention and intervention
- Review appropriate curricula
- Review annual district data on bullying incidents

School Leadership

The principal or assistant principal(s) of each school is responsible for:

- Receiving reports of alleged bullying and investigating
- Collecting and analyzing reports
- Developing a process for tracking aggressors and targets
- Providing support for the needs of the targets and aggressors
- Ensuring the implementation of bullying-prevention curriculum
- Including student-specific language regarding the bullying plan in student and staff handbooks

III. TRAINING AND PROFESSIONAL DEVELOPMENT

Annual training for all school staff including but not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, and paraprofessionals, will include staff duties under the Plan, an overview of the steps that the principal or assistant principal will follow upon receipt of a report of bullying or retaliation, and an overview of the bullying prevention curricula to be offered at all grades throughout the school or district.

The goal of professional development is to establish a common understanding of tools necessary for staff to create a school climate that promotes safety, civil communication, and respect for differences. Professional development will build the skills of staff members to prevent, identify, and respond to bullying. As required by M.G.L. c. 71, § 370, the content of school-wide and district wide professional development will be informed by research and will include information on:

- i. developmentally (or age-) appropriate strategies to prevent bullying;
- ii. developmentally (or age-) appropriate strategies for immediate, effective interventions to stop bullying incidents;
- iii. information regarding the complex interaction and power differential that can take place between and among an aggressor, target, and witnesses to the bullying;
- iv. research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk for bullying in the school environment;
- v. information on the incidence and nature of cyber-bullying; and
- vi. Internet safety issues as they relate to cyber-bullying.

Professional development will also address the ways to prevent and respond to bullying for students with disabilities that must be considered when developing students' Individualized Education Plans (IEPs). This plan will include a particular focus on the needs of students whose disability affects social skills development.

IV. ACCESS TO RESOURCES AND SERVICES

Haverhill Public Schools provides supports for targets of bullying, the aggressor and affected families. The principal in each building maintains resources and tools for the intervention and prevention of bullying, cyber-bullying, and retaliation. These tools may include but are not limited to: behavioral intervention plans, social skills groups, social contracts, and individually focused curricula.

Counseling or the referral to appropriate services for aggressors, targets, and family members of those students is specific to each school and may include the use of adjustment counselors, guidance counselors, school psychologists, behavior specialists, teachers, nurses, special educators or other school or community resources.

Each school maintains a list of outside agencies and services available for students and their families. The guidance counselor or adjustment counselor at the schools will maintain a list of appropriate outside agencies and will assist with the referral to the outside agency.

As required by M.G.L. c.71B§ 3, the IEP team will consider what should be included in the IEP to develop the student's skills and proficiencies to avoid bullying, harassment, or teasing. The team will recommend appropriate resources to address any identified deficits.

V. ACADEMIC AND NON-ACADEMIC ACTIVITIES

Haverhill Public Schools provides age appropriate curricula and activities that promote the prevention and awareness of bullying, cyber-bullying, and retaliation. Appropriate behavior, development of positive relationships, and respect for one another will help build social skills. Through the schools' academic and extracurricular activities, students not only learn but are also provided tools on how to engage in a safe environment that is respectful of diversity and culture.

Bullying prevention curricula will be informed by current research utilizing the following approaches:

- using scripts and role plays to develop skills;
 - empowering students to take action by knowing what to do when they witness other students or school staff engaged in acts of bullying or retaliation, including seeking adult assistance;
 - helping students understand the dynamics of bullying and cyber-bullying, including the underlying power imbalance;
 - emphasizing cyber-safety, including safe and appropriate use of electronic communication technologies;
 - enhancing students' skills for engaging in healthy relationships and respectful communications;
- and
- engaging students in a safe, supportive school environment that is respectful of diversity and difference.

In each school, the following strategies and procedures will help establish a positive school culture by:

- setting clear expectations for students and establishing school and classroom routines;
- creating safe school and classroom environments for all students, including for students with disabilities, lesbian, gay, bisexual, transgender students, and homeless students;
- using appropriate and positive responses and reinforcement, even when students require discipline;
- using positive behavioral supports;
- encouraging adults to develop positive relationships with students;
- modeling, teaching, and rewarding pro-social, healthy, and respectful behaviors;
- using positive approaches to behavioral health, including collaborative problem-solving, conflict resolution
- supporting students' interest and participation in non-academic and extracurricular activities, particularly in their areas of strength.

Haverhill Public Schools' will support opportunities for its students to be part of extracurricular activities that deter bullying and support positive school behavior.

VI. POLICIES AND PROCEDURES FOR REPORTING AND RESPONDING TO BULLYING AND

RETALIATION

Reporting bullying or retaliation. Reports of bullying or retaliation may be made by staff, students, parents or guardians, or others, and may be oral or written. Oral reports made by or to a staff member shall be recorded in writing. A school or district staff member is required to report immediately to the principal or designee or to the superintendent or designee when the principal or assistant principal is the alleged aggressor or to the school committee or designee when the superintendent is the alleged aggressor, any instance of bullying or retaliation the staff member becomes aware of or witnesses. Reports made by students, parents or guardians, or other individuals who are not school or district staff members, may be made anonymously. The school or district will make a variety of reporting resources available to the school community including, but not limited to, an Incident Reporting Form,¹ a voicemail box, a dedicated mailing address, and an email address.

Use of an Incident Reporting Form is not required as a condition of making a report. The school or district will: 1) include a copy of the Incident Reporting Form in the beginning of the year packets for students and parents or guardians; 2) make it available in the school's main office, the counseling office, the school nurse's office, and other locations determined by the principal or designee; and 3) post it on the school's website. The Incident Reporting Form will be made available in the most prevalent language(s) of origin of students and parents or guardians.

At the beginning of each school year, the school or district will provide the school community, including, but not limited to, educators, administrators, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, paraprofessionals, students, and parents or guardians, with written notice of its policies for reporting acts of bullying and retaliation. A description of the reporting procedures and resources, including the name and contact information of the principal or designee, will be incorporated in student and staff handbooks, on the school or district website.

1. Reporting by Staff

A staff member will report immediately to the principal or designee, or to the superintendent or designee when the principal or the assistant principal is the alleged aggressor, or to the school committee or designee when the superintendent is the alleged aggressor when he/she witnesses or becomes aware of conduct that may be bullying or retaliation. The requirement to report as provided does not limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school or district policies and procedures for behavior management and discipline.

2. Reporting by Students, Parents or Guardians, and Others

The school or district expects students, parents or guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the principal or designee, or superintendent or designee when the principal or assistant principal is the alleged aggressor.

Reports may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report. Students, parents or guardians, and others may request assistance from a staff member to complete a written report. Students will be provided practical, safe, private, and age-appropriate ways to report and discuss an incident of bullying with a staff member, or

¹ See Appendix A for Sample Incident Reporting Form.

with the principal or designee, or superintendent or designee when the principal or assistant principal is the alleged aggressor.

Responding to a report of bullying or retaliation- Allegations of Bullying by a Student.

I. Safety

Before fully investigating the allegations of bullying or retaliation, the principal or designee will take steps to assess the need to restore a sense of safety to the alleged target and/or to protect the alleged target from possible further incidents. Responses to promote safety may include, but not be limited to, creating a personal safety plan; predetermining seating arrangements for the target and/or the aggressor in the classroom, at lunch, or on the bus; identifying a staff member who will act as a "safe person" for the target; and altering the aggressor's schedule and access to the target. The principal or designee will take additional steps to promote safety during the course of and after the investigation, as necessary.

The principal or designee will implement appropriate strategies for protecting from bullying or retaliation a student who has reported bullying or retaliation, a student who has witnessed bullying or retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of bullying or retaliation.

2. Obligations to Notify Others

a. Notice to parents or guardians. Upon determining that bullying or retaliation has occurred, the principal or designee will promptly notify the parents or guardians of the target and the student aggressor of this, and of the procedures for responding to it. There may be circumstances in which the principal or designee contacts parents or guardians prior to any investigation. Notice will be consistent with state regulations at 603 CMR 49.00.

b. Notice to Another School or District. If the reported incident involves students from more than one school district, charter school, non-public school, approved private special education day or residential school, or collaborative school, the principal or designee first informed of the incident will promptly notify by telephone the principal or designee of the other school(s) of the incident so that each school may take appropriate action. All communications will be in accordance with state and federal privacy laws and regulations, and 603 CMR 49.00.

c. Notice to Law Enforcement. At any point after receiving a report of bullying or retaliation, including after an investigation, if the principal or designee has a reasonable basis to believe that criminal charges may be pursued against the aggressor, the principal will notify the local law enforcement agency. Notice will be consistent with the requirements of 603 CMR 49.00 and locally established agreements with the local law enforcement agency. Also, if an incident occurs on school grounds and involves a former student under the age of 21 who is no longer enrolled in school, the principal or designee shall contact the local law enforcement agency if he or she has a reasonable basis to believe that criminal charges may be pursued against the student aggressor.

In making this determination, the principal will, consistent with the Plan and with applicable school or district policies and procedures, consult with the school resource officer, if any, and other individuals the principal or designee deems appropriate.

A. Investigation. The principal or designee will promptly investigate all reports of bullying or retaliation and, in doing so, will consider all available information known, including the nature of the allegation(s) and the ages of the students involved.

During the investigation, the principal or designee will, among other things, interview students, staff, witnesses, parents or guardians, and others as necessary. The principal or designee will remind the alleged student aggressor, target, and witnesses of the importance of the investigation, their obligation to be truthful and that retaliation against someone who reports bullying or provides information during a bullying investigation is strictly prohibited and will result in disciplinary action.

Interviews may be conducted by the principal or designee, other staff members as determined by the principal or designee, and in consultation with the school counselor, as appropriate.

To the extent practicable, and given his/her obligation to investigate and address the matter, the principal or designee will maintain confidentiality during the investigative process. The principal or designee will maintain a written record of the investigation.

Procedures for investigating reports of bullying and retaliation will be consistent with school or district policies and procedures for investigations.

B. Determinations. The principal or designee will make a determination based upon all of the facts and circumstances. If, after investigation, bullying or retaliation is substantiated, the principal or designee will take steps reasonably calculated to prevent recurrence and to ensure that the target is not restricted in participating in school or in benefiting from school activities. The principal or designee will: 1) determine what remedial action is required, if any, and 2) determine what responsive actions and/or disciplinary action is necessary.

Depending upon the circumstances, the principal or designee may choose to consult with the students' teacher(s) and/or school counselor, and the target's or student aggressor's parents or guardians, to identify any underlying social or emotional issue(s) that may have contributed to the bullying behavior and to assess the level of need for additional social skills development.

The principal or designee will promptly notify the parents or guardians of the target and the aggressor about the results of the investigation and, if bullying or retaliation is found, what action is being taken to prevent further acts of bullying or retaliation. Because of the legal requirements regarding the confidentiality of student records, the principal or designee cannot report specific information to the target's parent or guardian about the disciplinary action taken unless it involves a "stay away" order or other directive that the target must be aware of in order to report violations.

The principal or designee shall inform the parent or guardian of the target about the Department of Elementary and Secondary Education's problem resolution system and the process for accessing that system, regardless of the outcome of the bullying determination.

Responses to Bullying.

Upon the principal or designee determining that bullying or retaliation has occurred, the law requires that the school or district use a range of responses that balance the need for accountability with the need to teach appropriate behavior. M.G.L. c. 71, § 370 (d) (v). Skill building approaches that the principal or designee may consider include:

1) Teaching Appropriate Behavior Through Skills-building

- offering individualized skill-building sessions based on the school's/district's anti
- bullying curricula;

- providing relevant educational activities for individual students or groups of students, in consultation with guidance counselors and other appropriate school personnel;
- implementing a range of academic and nonacademic positive behavioral supports to help students understand pro-social ways to achieve their goals;
- meeting with parents and guardians to engage parental support and to reinforce the anti
- bullying curricula and social skills building activities at home;
- adopting behavioral plans to include a focus on developing specific social skills; and
- making a referral for evaluation.

2. Taking Disciplinary Action

If the principal or designee decides that disciplinary action is appropriate, the disciplinary action will be determined on the basis of facts found by the principal or designee, including the nature of the conduct, the age of the student(s) involved, and the need to balance accountability with the teaching of appropriate behavior. Discipline will be consistent with the school's or district's code of conduct.

If it has been determined that bullying has occurred, the Haverhill Public Schools will take action that is appropriate under the circumstances as described in the student handbook. Action may be but is not limited to:

- Parent conferences/training
- Classroom/school transfer
- Exclusion from some school activities
- Increased adult supervision
- Work with school personnel on improving behavior
- Counseling
- Support Services or other therapeutic interventions
- Detention/Suspension/Expulsion
- Court Involvement

Discipline procedures for students with disabilities are governed by the federal Individuals with Disabilities Education

Improvement Act (IDEA), which should be read in cooperation with state laws regarding student discipline.

If the principal or designee determines that a student knowingly made a false allegation of bullying or retaliation, that student may be subject to disciplinary action.

3. Promoting Safety for the Target and Others

The principal or designee will consider what adjustments, if any, are needed in the school environment to enhance the target's sense of safety and that of others as well. One strategy that the principal or

designee may use is to increase adult supervision at transition times and in locations where bullying is known to have occurred or is likely to occur (hallways, cafeteria, locker rooms, etc.). Every four years, the Haverhill Public School will conduct a student survey to assess the school climate and the prevalence, nature, and severity of bullying in the Haverhill Public Schools to assist in addressing any adjustments that need to be implemented.

Within a reasonable period of time following the determination and the ordering of remedial and/or disciplinary action, the principal or designee will contact the target to determine whether there has been a recurrence of the prohibited conduct and whether additional supportive measures are needed. If so, the principal or designee will work with appropriate school staff to implement them immediately.

Responding to a Report of Bullying by School Staff

In the event of a report of bullying by a staff member the same investigative procedure will take place conducted by the Director of Human Resources or designee as assigned by the Superintendent of Schools.

VII. PROHIBITION AGAINST BULLYING AND RETALIATION

Furthermore, Haverhill Public Schools will act against all forms of retaliation, which is any form of intimidation, reprisal, or harassment directed against a student who reports bullying, provides information during an investigation of bullying, or witnesses or has reliable information about bullying.

Every student, parent, and employee of the school district must recognize the acts of bullying, cyber-bullying, and retaliation. Any student who believes that he has been a target of such should report it immediately to a teacher, principal, or member of the school community whom he/she trusts. Likewise, students and members of the school staff who witness or become knowledgeable about bullying, cyber-bullying, or retaliation should immediately report it as well.

VIII. PROBLEM RESOLUTION SYSTEM

Any parent who wishes to file a complaint or seeking assistance outside of the district may do so by contacting the Department of Elementary and Secondary Education Program Resolution System Web: Program Quality Assurance Services

IX. COLLABORATION WITH FAMILIES

Each year Haverhill Public Schools will provide parents and guardians with information on the social competency and anti-bullying curricula as well as the Bullying and Intervention Plan and other related information on its website.

The school or district will offer educational programs for parents or guardians that are focused on the parent components of anti-bullying and social competency curricula. The programs will be offered in collaboration with the School Committee, PTO, Parent Advisory Council, Student Councils, Department of Elementary and Secondary Education, and the District Attorney's Office.

Upon investigation and determination that bullying or retaliation has occurred, the principal or assistant principal(s) shall promptly notify the parents of the target and the aggressor of the determination. and they will follow the school district or school's procedures for responding to the bullying or retaliation. They will also notify the target's parent of the actions that the school officials will take to prevent further acts of bullying or retaliation.

X. STATE LAW DEFINITIONS

A safe learning environment is one in which every student develops emotionally, academically, and physically in a caring and supportive atmosphere free of intimidation and abuse. Bullying of any type has no place in a school setting. The Haverhill Public Schools will endeavor to maintain a learning and working environment free of bullying.

The Haverhill School Committee and all of the Haverhill Public Schools shall not tolerate bullying (see Exhibit A).

State Law Definitions:

"Bullying", the repeated use by one or more students or by a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a victim that: (i) causes physical or emotional harm to the victim or damage to the victim's property; (ii) places the victim in reasonable fear of harm to himself or of damage to his property; (iii) creates a hostile environment at school for the victim; (iv) infringes on the rights of the victim at school; or (v) materially and substantially disrupts the education process or the orderly operation of a school. For the purposes of this section, bullying shall include cyber-bullying.

Cyber-bullying", bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyber-bullying shall also include (i) the creation of a web page or blog in which the creator assumes the identity of another person or (ii) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying.

Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying.

"Hostile environment", a situation in which bullying causes the school environment to be permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive to alter the conditions of the student's education.

"Perpetrator", a student or a member of a school staff including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity or paraprofessional who engages in bullying or retaliation.

"Retaliation" means any form of intimidation, reprisal or harassment directed against a person who reports bullying, provides information during an investigation about bullying, or witnesses or has reliable information about bullying.

"School grounds", property on which a school building or facility is located or property that is owned, leased or used by a school district, charter school, non-public school, approved private day or residential school, or collaborative school for a school-sponsored activity, function, program, instruction or training.

Where the term "bullying" is used in this document, it is intended to encompass both "bullying" and "cyber-bullying" as defined above.

XI. RELATIONSHIP TO OTHER LAWS

Consistent with state and federal laws, and the policies of the school or district, no person shall be discriminated against in admission to a public school of any town or in obtaining the advantages, privilege and courses of study of such public school on account of race, color, religion, ancestry, national origin, sex, socioeconomic status, academic status, gender identity or expression, physical appearance, sexual orientation, or mental, physical, developmental, or sensory disability, or by association with a person who has or is perceived to have one or more of these characteristics. Nothing in the Plan prevents the school or district from taking action to remediate discrimination or harassment based on a person's membership in a legally protected category under local, state, or federal law, or school or district policies.

In addition, nothing in the Plan is designed or intended to limit the authority of the school or district to take disciplinary action or other action under M.G.L. c. 71, §§ 37H or 37H 1/2, M.G.L. c. 71, §§41 and 42, M.G.L. c 76 § 5, or other applicable laws, or local school or district policies, or collective bargaining agreements, in response to violent, harmful, or disruptive behavior, regardless of whether the Plan covers the behavior.

XII. Appendix A: INCIDENT REPORT FORM

- ☐ Repeated use by one or more students or a member of the school staff of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a target that: (must include at least one of the following)
 - ☐ Causes physical or emotional harm to the target or damage his/her property
 - ☐ Places the target in reasonable fear of harm to himself/herself or damage to his/her property
 - ☐ Creates a hostile environment at school for the target
 - ☐ Infringes on the rights of the target at school; or
 - ☐ Materially and substantially disrupts the education process or the orderly operation of a school.
- ☐ Provide brief description of the nature of the bullying (if any):
- ☐ Provide a final determination:

Haverhill Public Schools Office of the Superintendent

SC 09.12.24 3 D

To: Haverhill School Committee

From: Dr. Margaret Marotta, Superintendent of Schools

Date: September 10, 2024

RE: Reassignment of Assistant Superintendent Duties

As you know, after an extensive four-month search and a thorough interview process with all potentially qualified applicants, we have been unable to identify a viable candidate for this critical position.

Given the challenges we faced in securing a suitable candidate, the search committee comprised of the school committee, leadership team, principals, business office, and managerial staff decided to repost the position with a more focused scope of responsibilities. The revised position was posted under the title of Chief Financial Officer (CFO). This adjustment was intended to attract a broader pool of applicants with the specialized financial expertise necessary for this role. The decision to reduce the scope of work is a strategic move to support the financial sustainability of the school district in these difficult budget times.

In light of these changes, the Committee requested that I develop a plan for the reassignment of supervision for the Transportation Department, Instructional Technology Department, Security Department, and Facilities Department and that I deliver that plan at the September 12, 2024 school committee meeting. I propose the following:

- **Facilities Department** - including 1 Director of Facilities, 1 newly appointed Coordinator of Custodial Services, 55 custodians, and 6 facilities tradespeople. Superintendent Marotta will assume responsibilities for the supervision of the Facilities Department in addition to her existing responsibilities.
- **Transportation Department** - including supervision of 1 Transportation Coordinator, 22 special education bus drivers, 24 bus monitors, 18 crossing guards, 4 office staff, relationship and communication with NRT, families, and the general public. Dianne Connolly, Director of Title 1 and Community Outreach will take on these duties in addition to her existing responsibilities.
- **Security Department** - including the supervision and training of the Security Supervisor, and 14 security specialists. Maureen Irons, Director of Safe and Supportive Schools will take on these duties in addition to her ongoing responsibilities as Title IX coordinator, oversight of bullying allegations/investigations, safety plans, student discipline consultation, and support to principals and administrators day-to-day communication with HPD.

- ***Instructional Technology Department-*** including supervision of the Director of Instructional Technology and 17 staff members. Bonnie Antkowiak will oversee IT in addition to her responsibilities as Chief of Teaching, Learning, and Leading overseeing curriculum, instruction, assessment, evaluations, professional development, administrator and teacher induction programs, and annual and weekly orientations, as well as human resources in our 16 schools.

I would additionally recommend that the school committee consider that Ms. Antkowiak's title be changed to Assistant Superintendent for Teaching, Learning and Leading to reflect the scope of the work she is currently completing. Adding the responsibility of supervision of Information Technology to her job description and acknowledging her as the Superintendent's Designee in case of absence or emergency.

With the Assistant Superintendent of Finance and Operations position vacated and previously budgeted at \$181,157, and the current Chief Financial Officer position posted at \$140,000-\$150,000, there is a budget difference of approximately \$30,000.

Given that the duties of the vacated position are being redistributed among three employees (Antkowiak, Irons, Connolly) I propose that the remaining funds be allocated to these employees as compensation for the additional responsibilities. This approach maintains budget neutrality while fairly acknowledging the increased workload. This adjustment ensures no additional costs to the district, while recognizing the efforts of those stepping up.

I will continue to work closely with the Committee to ensure that we can restore the necessary leadership capacity within the district.

Thank you for your continued support and collaboration.

The Haverhill Public Schools is an Equal Opportunity Employer and is in compliance with Federal regulations prohibiting discrimination in employment on the basis of race, color, religion, national origin, age, gender, gender identity or expression, sexual orientation, or disability.

**Haverhill Public School
Career Vocational Technical Education
Admissions Policy**

I ADMISSIONS

When Haverhill High School receives more Career Technical Education applications than it has available seats, Haverhill High School applies selection criteria to determine which students it will admit. The criteria Haverhill High School applies have been approved by its School Committee, and the School Committee will approve the use of these criteria annually. The Haverhill School Committee approved this policy **TBD** *(Per DESE requirements, this policy will be approved annually by the Haverhill Public School Committee.)* Haverhill High School's admission policy is on file at the Department of Elementary and Secondary Education.

II EQUAL EDUCATIONAL OPPORTUNITY

Haverhill High School admits students and makes available to them its programs, privileges, and courses of study without regard to race, color, sex, gender identity, religion, national origin, sexual orientation, or disability.

If a student's primary home language is not English, Haverhill High School will provide them with an application form in their home language. Please contact our Supervisor of Career Technical Education 5-12 at (978-374-5700) or cte@haverhill-ps.org if you have questions or need help filling out the application form.

Haverhill High School is committed to providing educational opportunities to students experiencing homelessness. Please contact Haverhill Public Schools McKinney Vento Homeless Liaison/Foster Care Point of Contact at Phone: (978)-420-1967 Fax: (978) 469-8730 with any questions.

Students with disabilities may voluntarily identify themselves to Haverhill High School to request reasonable accommodations during the application and admission process.

Neither a student's disability nor the primary language of their home will have any effect on their admission to Haverhill High School's CTE/CVTE programs.

Consistent with Massachusetts 603 CMR 4.03, Haverhill High School's plan includes "deliberate, specific strategies to promote equal educational opportunities and attract, enroll, and retain a student population that, when compared to students in similar grades in sending districts, has a comparable academic and demographic profile."

We are Hillies, working together to build a stronger community. Haverhill is a large ethnically diverse gateway city. The Northeast Regional Blueprint identifies large labor gaps in the STEM workforce. Businesses are reporting that minorities and those in nontraditional gender roles are underrepresented in the STEM workforce. Currently our community and education system are not meeting these regional employment demands leaving businesses and organizations struggling to fill positions. Our scholars need the STEM and workplace readiness skills necessary to take advantage of these livable wage employment opportunities.

In order to meet the diverse needs of our scholars, families, and the broader community, Haverhill High School

worked with parents, guardians, students, faculty, Career Technical Education (CTE) Program Advisory Committees, post-secondary institutions and community organizations to develop a mission where all students can succeed. Stakeholders identified the following priorities: to provide equitable access to options and opportunities; to create a welcoming and supportive environment and provide academic, language, social emotional, peer and family support.

Haverhill High School's mission is to ensure that each learner meets or exceeds rigorous academic standards to become a citizen with the skills necessary to solve problems and meet 21st century academic, social, and civic expectations. Creating a culture that celebrates individual success is imperative for engaging all scholars in accessible, equitable, and meaningful learning experiences. As Hillies, we value inclusivity, achievement, and authentic learning that promotes pride in ourselves and in our community. Our main goal is to ensure that each student develops integrity, motivation, and self-confidence to succeed in the global community. In order to achieve this mission, it is important that we share a commitment to a common set of expectations. In order to fulfill our mission and the expectations of our school by the Commonwealth of Massachusetts and the City of Haverhill, a safe, orderly, and welcoming school environment will be necessary. Creating this environment requires the efforts of every member of our community - our families, staff, faculty, administration and, most importantly, our students.

Haverhill High School's CTE Equity Plan follows the mission of Haverhill High School. The community is in need of a skilled, ethnically diverse and gender balanced STEM workforce. Scholars are in need of the skills necessary to succeed in livable wage STEM careers. In response to these needs Haverhill High School, in collaboration with community partners, developed five STEM Career Technical Education Programs. These programs will provide students with the foundational skills and certifications to pursue careers in high demand livable wage professions.

In support of equitable access and retention in CTE programming:

1. In support of non-traditional gender enrollment and ethnic diversity in CTE programs, Haverhill High School brings student representatives reflective of the district's demographic profile to the middle schools for recruiting events. Ethnically diverse and non-traditional gender students are reflected in recruiting materials such as posters, mailers, and videos.
2. HHS actively seeks out opportunities for diverse representation in our CTE curriculum, welcoming and awareness events, guest speakers, internships, job opportunities, and partnerships with community organizations. Students see themselves reflected in their community, in real-time, print and media.
3. In order to maximize student retention, HHS provides wrap around services and academic support to all students.
4. Haverhill High School employs bilingual staff who work closely with ELL CTE students, families, teachers, and administrators to create a welcoming and supportive environment, assist with recruiting, translate documents, support students throughout the application process, provide classroom support for struggling learners and after school academic assistance, and prepare students for work based learning opportunities. HHS implements targeted recruiting strategies and supports struggling learners and their families throughout their CTE experience and beyond (CTE application, program completion and post-secondary planning). Staff coordinates academic, language, social emotional and peer support. HHS also works closely with middle school guidance counselors, ELL parent liaisons and ETFs to create High School CTE Transition Plans for struggling learners including English Language Learners and students on IEPs.

As outcomes, this equity plan will provide:

- students and families a welcoming and supportive environment
- an ethnically diverse and gender balanced CTE program enrollment reflective of the HHS student body

- *workplace readiness and industry skills and certifications*
- *academic, language, social emotional and peer support*
- *pathways to post-secondary training, education and or employment in livable wage careers*
- *a more diverse and gender balanced STEM workforce*

Per DESE requirements, this policy will be approved annually by the Haverhill Public School Committee.

III ELIGIBILITY

Any current 8th or 9th grade student who is a resident of Haverhill may apply for fall admission or admissions during the school year to one of Haverhill High School's CTE Programs subject to availability of openings. Students may only be admitted to one of HHS's CTE programs if they have been promoted to the grade they are seeking to enter, so students should be aware that their admission is conditional—if they are not ultimately promoted to enter the grade they have applied for, their admission will be rescinded. Resident students who apply for admission shall be admitted prior to acceptance of any non-resident students seeking the same program.

NON-RESIDENT STUDENTS:

Non-resident students are eligible to apply for fall admission or admission during the school year, provided they apply for and are accepted for inter-district school choice and are entering grade 9 or 10. Both resident and non-resident students will be evaluated using the selection criteria contained in this Admissions Policy. Haverhill High School shall admit resident students who meet the minimum requirements for admissions prior to acceptance of any non-resident students.

HOMESCHOOLED STUDENTS:

Homeschool applicants may apply to attend Haverhill High School full-time and will be subject to the same admissions standards as other applicants.

TRANSFER STUDENTS:

Students already participating in Chapter 74 programs at another school may apply for admission to Haverhill High School and will be subject to the same admissions standards as other applicants.

SCHOOL CHOICE:

Haverhill High School will follow the School Committee's decision regarding school choice for the 2024/25 school year. The inter-district school choice program, [M.G.L. c. 76, § 12B](#), allows parents/guardians to send their children to schools in communities other than the city or town in which they reside.

If the School Committee decides that Haverhill High School is participating in school choice program then:

Students applying to Haverhill High School under the school choice program should contact our Superintendent's office at 978-374-3400 with any questions. More information on school choice can be found on the Department of Education's [website](#).

IV ORGANIZATIONAL STRUCTURE

Haverhill High School is a comprehensive high school located in Haverhill, Massachusetts.

The Superintendent of Haverhill Public Schools is: *Margaret Marotta-Smith*,
margaret.marotta@haverhill-ps.org

The Principal of Haverhill High School is: *Michael Downs* michael.downs@haverhill-ps.org

The HPS Supervisor of Career and Technical Education 5-12 is: *Victoria Kelley*, vkelly@haverhill-ps.org

It is the responsibility of Haverhill Public School District Superintendent to supervise the administration of the policies and procedures used to admit and enroll students, consistent with all applicable laws, regulations, and guidance.

V ADMISSIONS COMMUNICATION POLICIES

Haverhill High School maintains a calendar of events on the HHS website where it provides information on the admissions process, as well as other information about its programs. Students and their families can request hard copies of the calendar by emailing the CTE Office at cte@haverhill-ps.org.

Haverhill High School also shares recruitment information with potential applicants in the following ways:

- Informational slide presentations will be provided to eighth grade classes in local schools. Recruiting materials and presentations will be provided to students and families in their native language.
- Prospective students and their parent(s)/guardian(s) have an opportunity (depending on COVID restrictions) to attend a virtual or in person information session to learn about all Career Technical Education programs and speak with teachers and administrators.
- During the fall, eighth-grade students are provided tours of Haverhill High School facilities including the CTE programs.
- Eighth grade students have the opportunity to participate in a shadow day with an HHS CTE student. Shadow days will not be counted as unexcused absences.
- Brochures, which describe Career Technical Education programs including academic courses, and work-based learning, are distributed to all eighth students and their parents/guardians.
- Students and their Parent(s)/guardian(s) may schedule individual visits at a mutually convenient time. To request a tour, please email our CTE Office at cte@haverhill-ps.org. Transportation assistance is available upon request. If the agreed-upon time slot for a tour occurs during the applicant's school day, the CTE Office will provide confirmation to the applicant's current school that the applicant attended a tour during this time. Such tours will not be counted as unexcused absences.

VI APPLICATION PROCESS

APPLICATION PROCESS - FOR FALL ADMISSION TO THE NINTH OR TENTH GRADE PROGRAMS

1. Students interested in applying for admission to the ninth or tenth grade Career Technical Education programs for fall admission must:

- a. Fill out the online application at <https://haverhill.go2cte.com> by February 14, 2025.
- b. Paper applications are available upon request in the student's native language through the student's middle/high school guidance counselor or the HHS CTE office. Completed paper applications need to be returned to the middle school guidance counselor or the Haverhill High School guidance counselor by February 14, 2025.
- c. If incomplete applications are received, the following procedures will be followed:
 - i. The applicant's parent(s)/guardian(s) will be notified by mail or email by the Haverhill High School CTE Office.
 - ii. If the application remains incomplete for ten school days after notifying the

parent(s)/guardian(s), the application may be voided.

2. It is the responsibility of the sending school counselor (or other school personnel, if applicable) to: fill out the guidance counselor recommendation form and supply grades, attendance and discipline records. Sending schools will have one week from the close of applications to submit the required application information.

LATE APPLICATIONS

Applications received after the deadline will be evaluated using the same criteria as other applications and their composite score will be computed. They will be placed in rank order on a waiting list with other late applications.

TRANSFER STUDENTS

Students already enrolled in a Chapter 74 state-approved program in another school may apply for admission to Haverhill High School. Please contact the CTE Office at cte@haverhill-ps.org with any questions or to request an application form. These applications will be evaluated according to the selection criteria contained in this Admissions Policy.

WITHDRAWN STUDENTS

Students who have previously withdrawn from an HHS CTE program may reapply for admission. Please contact the CTE Office at cte@haverhill-ps.org with any questions or to request an application form. These applications will be evaluated according to the selection criteria contained in this Admissions Policy. Decisions will be based on availability of slots.

VII SELECTION PROCESS

Haverhill High School's CTE Office will examine, discuss and make recommendations for action on the applicants based on the criteria in the Admissions Policy.

The CTE Office considers academics, attendance, discipline/conduct, guidance recommendation and interview results. Applications are reviewed, processed and assigned points by grade level.

After a percentage total for each applicant has been determined, all applicants are placed in order of their "percentage total". Applicants are then accepted in order of the percentage total they have achieved. The applicant with the highest percentage total is accepted first, the applicant with the second highest percentage total is accepted second, and so on until all seats are filled. All applicants are accepted, declined, or placed on a waiting list. If openings occur, the seats are filled by accepting applicants from the waiting list. These applicants, like those accepted earlier, are accepted in order of their place on the waiting list determined by the total percentage given according to the selection criteria with preference given to resident applicants. If an acceptance is declined, admission is offered to the next applicant on the waiting list.

All applicants whose applications are received by the Haverhill High School CTE Office by the application deadline will be notified of their status by email to their parents/guardians and their local school guidance counselor by March 29th of the current year.

CRITERIA

The CTE Office uses weighted admissions criteria to process completed applications. Each applicant will be assigned a score derived from the sum of the sub scores of the following criteria:

A. Academic: Maximum 15%

Academic Record Scoring Rubric (15 %)					
Grade Range	83 - 100 (B, B+, A-, A, A+)	73 - 82 (C, C+, B-)	70 - 72 (C-)	60 - 69 (D)	0 - 59 (F)
Points	4	3	2	1	0

Academic Record Score		
Subject	Previous Grade Level	Current Grade Level
English Language Arts (or its equivalent)		
Social Studies		

Mathematics		
Science		
Total Points = _____ / 32 = _____ %	Academic Score (% x 15) =	

For applications to grade 9 (fall admission), the average of grade 7 and term 1 grade 8 marks in English Language Arts (or equivalent), social studies, mathematics and science from the local school report card/transcript are used. For applications to grades 10 (fall admission) the average of the previous school year and terms 1 & 2 of the current school year marks in English Language Arts (or equivalent), social studies, mathematics and science from the local school report card/transcript are used. For applications to grades 9 and 10 (admission during the school year), the average of the previous school year and current school year to the date of the application marks in English Language Arts (or equivalent), social studies, mathematics and science from the local school report card/ transcript are used.

B. Attendance: Maximum 10 %

Discipline/Conduct Score		

Total Points = _____ / 8 = _____ %	Discipline/Conduct Score (% x 10) =
------------------------------------	-------------------------------------

For applications to grade 9 (fall admission), the number of suspensions from grade 7 and term 1 grade 8 records from the local school report card/transcript or from the local school Guidance Counselor's assessment are used. For applications to grades 10 (fall admission), the number of suspensions of the previous school year and terms 1 & 2 current school year assessments from the local school report card/transcript or from the Guidance Counselor's assessment are used. For applications to grades 9 and 10 (admission during the school year), the number of suspensions from the previous school year and the current school year to the date of the application assessments from the local school report card/transcript or from the local school Guidance Counselor's assessment are used.

An official school record of student discipline must be submitted as part of the application process. Points will

be deducted only for infractions that resulted in suspensions or expulsion pursuant to M.G.L. c.71, § 37H or M.G.L. c.71, § 37H-½, or resulted in suspension or expulsion for more than 10 days for a single infraction or cumulatively pursuant to M.G.L. c.71, § 37H-¾.

D. Guidance Recommendation: Maximum 25%

Guidance Recommendation Scoring Rubric (25 %)				
Excellent	Above Average	Average	Below Average	Poor

3	2	1	0

Question #1	Question #2	Question #3	Question #4	Question #5	Total Points = _____ / 15 = _____ %	Interview Score (% x 40)

After scores are given in each area, the points will be calculated according to the weighted percentage for that area. The points are totaled for each applicant. A maximum total of one hundred (100) percent can be earned.

VIII REVIEW and APPEALS PROCESS

If Haverhill High School does not accept an applicant, or places them on a waitlist, the applicant or their parent/guardian may request (by e-mail or hard-copy letter) within thirty days of the receipt of the rejection/waitlist letter that the Principal of Haverhill High School review that decision.

The Principal will respond to these requests for review in writing within thirty days and indicate whether the

decision to deny admission to the student, or waitlist the student, will stand or be overturned. In making this determination, the Principal will review the following information:

Date the application was received, the applicant's academics, attendance, discipline/conduct, guidance recommendation and interview results. If deemed necessary the Principal will re-interview the student using the application interview questions.

IX MAINTENANCE OF RECORDS

Haverhill High School maintains records of all students who apply, enroll, or are waitlisted, as well as their score on admission criteria, to facilitate analysis of its admissions system and compliance with applicable laws and regulations. Haverhill High School will provide this information to the Department upon request.

Haverhill High School is committed to providing educational opportunities to students experiencing homelessness. Please contact Haverhill High School's homelessness liaison (978-374-5700) with any questions. Haverhill High School has a published admissions policy that is available to all applicants and parent(s)/guardian(s) as part of the admissions process. The policy can be found on the Haverhill Public Schools CTE website <https://cte.haverhill-ps.org/> under Application Process and on the <https://haverhill.go2cte.com> online application platform. This policy gives the admissions criteria as well as a description of the entire admissions process.

This application form must be completed and submitted to the Haverhill High School CTE Program by February 14, 2025. In addition to this application form, the applicant's guidance counselor will submit academic, attendance and discipline records to be used as a basis for admission. For fall admission, this would be term 1 of the current school year and terms 1-3 of the previous school year. In addition to grades, attendance and discipline/conduct, the guidance counselor's recommendation will be used. A fifth criteria consisting of an interview with the applicant will also be used.

The application process is:

1. Fill out and return the application by February 14th 2025.
2. Request (a) academic, attendance and discipline records and (b) a guidance counselor recommendation.
3. A representative from Haverhill High School will contact you to schedule a personal interview.
4. Admission decisions will be sent out according to the date specified on the Haverhill High School calendar.

School Committee Reports/Communications.

Attorney Magliocchetti: Transportation Conversation with NRT.

Attorney Magliocchetti requested NRT representatives to be in attendance tonight to provide a report on readiness for this school year.

Mr. Ryan Brophy, NRT Regional Director of Client Relations introduced the following NRT staff: Ms. Mary Ann Coker, Vice President of Operations, Ms. Michelle Perez, Haverhill Office Operations Manager and Ms. Jennifer Oliver, Acquisition Manager.

Ms. Perez outlined that for the upcoming school year, NRT had been contracted for 35 big busses and would have 35 big bus drivers; in terms of special education routes, NRT was contracted for 15 mini bus routes and would have 11 minibus drivers and to fulfill these routes there would be van splits to accommodate the required coverage. She added that there was a plan to complete the required coverage which included eight (8) CDL drivers in training. Ms. Perez commented on the great communication between HPS transportation department and NRT. She stated that drivers were currently doing checks and dry runs.

Mr. Brophy noted that NRT was available for questions.

Dr. Grannemann asked about proper staffing to cover any driver absences in Haverhill.

Ms. Perez responded that there were staff who had CDL licenses along with many drivers in the pipeline to address any absences i.e., six (6) total) drivers. She assured the school committee that NRT would honor the contract in any situation.

Attorney Rosa asked about the ownership of NRT.

Mr. Brophy replied that NRT is part of the Beacon Mobility Company which includes other companies, such as, Vanpool, Trombley Coach, and Salter Transportation. Furthermore, in this area, there

Attorney Rosa asked about other companies in the area within Beacon family.

Ms. Perez answered that it was primarily Salter and NRT bus companies in the area, with Amesbury using Salter and the rest, Methuen, North Andover and Andover using NRT.

Attorney Rosa asked about bus driver compensation and recent shortages.

Mr. Brophy outlined hourly rates for drivers which included minibus drivers holding CDL licenses \$29.87/hour; big bus drivers \$31.83/hour, 7D drivers \$23.00/hour and bus monitors \$17.00/hour. He commented that the current rates were near the higher end in terms of compensation.

Ms. Collins asked about the communication pipeline.

Ms. Perez related that the NRT entire team along the transportation team communicated twice each day and that NRT sends an email each morning at 6:30 am, and between 12:30 pm/1:00 pm for the afternoon routes. She stressed that the company tried to address any important issues that would impact bussing and routes by 6:30 am. Additionally, she noted that unexpected circumstances were delivered by phone call from NRT to the transportation department.

Ms. Collins was concerned that the families are not receiving important information in a timely fashion.

Ms. Ferguson asked about colder months and longer wait times for buses, and the possible ways to inform parents of delays.

The superintendent responded that it is the HPS Transportation Department's responsibility to ensure correct parent contact information in School Brains with reminders to parents, so that they are able to receive proper notifications.

Attorney Magliocchetti inquired about substitute bus drivers and the pool of drivers.

Mr. Brophy reported the goal was to have 110% staffing with a goal of an additional 10% drivers for each community (35 drivers to 39 drivers) through work by the talent acquisition team.

Attorney Magliocchetti suggested text communication as the preferred form of communication. He asked if the numbers could be updated as soon as possible.

Superintendent Marotta was assigning the district communication person to transportation to provide live and regular bussing updates.

Dr. Grannemann recommended a robust on-call list to meet contractual obligations.

Mr. Brophy replied that NRT was prepared to deal with and be motivated to have routes staffed over 10%, since driver shortage was a reality of the market. He would continue to recruit additional drivers.

Mrs. Lalumiere noted that the remind app was beneficial for parents to receive notifications in morning and afternoon.

Attorney Rosa asked if other communities could be tapped to provide coverage in Haverhill.

Mr. Brophy responded in the affirmative.

Attorney Magliocchetti thanked NRT for attending tonight's meeting and was hoping for a smooth opening and wanted to ensure open communication. He informed NRT of a bridge closing for spring/fall 2025 due to a new housing development.

Mr. Brophy was pleased with the collaboration between the company and the school district.

Subcommittee Reports.

Old Business.

Ms. Sullivan and Mrs. Lalumiere: Interview process for Assistant Superintendent Search with a discussion and potential vote on change in job descriptions initially presented to the school committee which included the following, Assistant Superintendent for Finance and Operations, Chief Financial Officer and Business Manager (job descriptions included in agenda material) [Position Titles for Leadership 08.22.24.pdf](#).

Mrs. Lalumiere indicated that there were not many candidates that fit both the assistant superintendent and business management/finance.

Ms. Sullivan and Mrs. Lalumiere were seeking clarification on job description with a heavy emphasis on finances. In conversations with the superintendent, they recommended a title change to chief financial officer.

Dr. Marotta was worried about the delay in budget planning for FY26.

Dr. Grannemann offered a friendly amendment and proposed several deletions/additions/changes in the job description.

Attorney Magliocchetti asked for a motion to change the job description to Chief Financial Officer incorporating changes made to the Chief Operating Officer posting at tonight's meeting.

A motion was made by Attorney Rosa to approve the change of the job description to Chief Financial Officer incorporating changes made to the posting at tonight's meeting. Ms. Sullivan seconded the motion.

Dr. Grannemann outlined deletions in the performance responsibilities. He asked for Dr. Marotta's input regarding these adjustments.

The superintendent supported the change to CFO, with a reallocation of other duties.

Ms. Sullivan and Dr. Story agreed with the changes.

Ms. Ferguson agreed with CFO designation with wording emphasizing strong financial experience.

Ms. Collins noted the initial concern with understanding school management. She asked why the title change.

Dr. Marotta responded it was a totally different job description.

Attorney Magliocchetti clarified that it would be draft #3 with a change from COO to CFO.

Dr. Marotta noted that due to the budget situation, there was a strong need for financial expertise in this position.

Ms. Sullivan agreed with the change in direction of the position.

Mrs. Lalumiere clarified that there was a very limited pool for assistant superintendent and a financial person.

Ms. Collins was concerned with the department being short-staffed and overwhelmed in many aspects.

Mrs. Lalumiere asked about the timing for filing the position. She did not want to prolong the current situation within the business department.

Dr. Marotta acknowledged the phenomenal work in the business office, especially Mrs. Smith's efforts.

Attorney Magliocchetti commented on the lean management team and there needed to be a conversation on the assistant superintendent position.

Attorney Rosa asked if the change in title would be more appealing and would attract individuals from outside the municipal/school world. He asked if a person could get a business manager license while working in the district through DESE.

Dr. Grannemann suggested deletion of certain aspects of the job descriptions.

Mrs. Lalumiere agreed with resolving this evening.

Dr. Story asked for an update on the job responsibilities and the redistribution of responsibilities, with an update from the superintendent. She was concerned with the removal of accountabilities.

Both Dr. Story and Attorney Magliocchetti agreed that an assistant superintendent was needed in Haverhill.

There was a widespread discussion among the members regarding changes to the posting for Chief Operating Officer. The following adjustments were made to the posting:

- Job Description: Insert financial into the title to rename the position as Chief Financial Officer;
- Job Responsibilities: delete “oversees director of technology” and “oversees the transportation coordinator”; delete “serves as acting superintendent of schools as necessary in the absence of the superintendent when requested”;
- Supervisory Responsibilities: supervises delete “facilities, transportation, security and technology and evaluates delete director of facilities, transportation coordinator, supervisor of security, director of technology; add “and others at the discretion of the superintendent”;
- Qualifications: add #5 “or obtains” and delete assistant superintendent and superintendent.

Ms. Collins would feel more confident voting on this revised job description the duties that were removed would be reallocated at the next meeting.

Attorney Magliocchetti, Vice Chair asked if anyone objected to the friendly amendment and requested a roll call with the following results:

Ms. Collins	Yes	Attorney Rosa	Yes
Ms. Diaz	Yes	Mrs. Ryan-Ciardello	Yes
Ms. Ferguson	Yes	Dr. Story	Yes
